## $1.90 Daily Pay Boost Okayed For Lewis' 375,000 Miners

### . . . President's Order Overrules Federal Wage Board

WASHINGTON (INS) — Economic Stabilizer Putnam, on President Truman's orders, overruled the Wage Board Wednesday night and approved the $1.90 daily pay boost for John L. Lewis' 375,000 soft coal miners.

Putnam said Wage Chairman Cox may quit as a result of the decision but said the other three public members have agreed to remain in their posts. The board previously ruled the miners were entitled to only $1.50 a day more.

The economic chief said he understands the Wage Board now will approve the negotiated $1.90 pay increase for Lewis' hard coal miners.

The stabilizer made public a letter from the President in which he said he is not willing to have the incoming Eisenhower administration face "an economic crisis" which would be precipitated by a nationwide soft coal strike.

Mr. Truman said:

"Such an emergency would arise at just about the time my successor took office. I am not willing to take an action that will create such a crisis for my successor."

The President added that it is his firm intention to continue a strong stabilization program and to turn it over to the Eisenhower administration as a strong, going concern.

Mr. Truman said: "If the new administration then wants to scrap price, wage, salary and rent controls, it will be free to do so on its own responsibility."

**President's Privilege**

Putnam declared the decision was not the one which he favored or would have made himself. He added, however, that the decision "is the President's privilege and right, looking at all the considerations involved."

He added that he does not intend to resign in consequence of the ruling. Putnam declared his decision is to remain a while longer because there are requirements in the wage stabilization program which he feels demands that he stay on.

In response to a question, Putnam said he understood the wage board will approve the negotiated $1.90 pay increase for 68,000 hard coal miners on the ground that a "tandem relationship" exists between the two groups of miners which would call for extension to the one of any wage increase granted the other.

Putnam announced that, although suspension of price ceilings on bituminous coal was considered, this action will not be taken.

He said: "Price ceilings on coal will be examined from time to time the same as ceilings on other commodities, for possible suspension."

The President declared, that in approving the coal pay raise, he realized that he was rejecting the recommendations of top officials of the government concerned with stabilization.

He said this included the Wage Board, Putnam, and Fowler.

The President added:

"Much as I regret the necessity for doing that, I believe considerations outside stabilization are of major importance in this matter. I am therefore directing your agency to approve the bituminous coal wage agreement as negotiated.

"I recognize the fact that approval of the additional 40 cents per day in the miners wage could have an unfavorable effect upon stabilization, but I am convinced it will not be a serious effect if the special circumstances under which it is approved are clearly understood."

## Adlai Says Labor Won't Suffer Under Eisenhower

### . . . Tells CIO Misfortune, Disaster Not Coming

ATLANTIC CITY, N. J. (INS) —Gov. Adlai E. Stevenson assured organized labor Wednesday it will suffer neither "misfortune" nor "disaster" under the administration of President-elect Eisenhower.

The Democratic presidential candidate told the CIO's 14th annual convention:

"What would be a misfortune and perhaps even a disaster would be to think so, and lose sight of labor's larger responsibility to a nation which is also groping its way into a new era."

**Overshadows Fight**

Stevenson made his first major public appearance since his defeat in the Nov. 4 elections in an afternoon devoted to the memory of the CIO's late President Philip Murray.

His speech overshadowed for the moment the bitter backstage contest between CIO Vive-president Walter Reuther and executive vice-president Allan S. Haywood for the post left vacant by Murray's death Nov. 9 A report circulated that Haywood will withdraw after he is nominated.

Stevenson commended the CIO and its late chieftain for elevating wages and working conditions and accomplishing "all manner of improvements" but cautioned the 700 delegates:

**Dare Not Gamble**

"You dare not gamble with these advances. There is too much to lose."

However, he advised union spokesmen to act as "Americans first and labor leaders second" and to deal with industries "in the larger framework of the national interest on which labor and business and all the rest of us are dependent."

The Illinois governor asserted: "Perhaps as the defeated candidate, whom you were good enough to support, I can be permitted to say that the election should not be considered a disaster or necessarily even a misfortune for labor."

He pointed out that "while there are inequities and injustices in our laws that still demand remedy, labor's long battle for status and recognition has been largely won."

## General Assembly Votes 54-5 For Plan To End Korean War

### Truce Talk Basis Offered To Reds

UNITED NATIONS, N. Y. (INS)—The U. N. Assembly put peace in Korea squarely up to the Communists Wednesday night by ignoring Soviet opposition and voting 54 to 5 for India's compromise truce plan.

The Communist states of Russia, Poland, Czechoslovakia, Bielo-Russia and Ukraine were the only ones out of the 60 nations to vote against the Indian proposal for peace in Korea.

Nationalist China abstained as a gesture of disassociation with any proposals to Red China.

The vote was hailed as a tremendous demonstration of solidarity by the free world in defiance of Soviet insistence that a truce can be had only on Communist terms.

The assembly beat down every amendment put forward by an angry Soviet Foreign Minister Andrei Vishinsky in a final effort to wreck the India plan.

Each vote on the Soviet amendments was 46 against and nine abstentions. The latter consisted of four of the six Arab states plus Afghanistan, Burma, Indonesia, Iran and India. The Soviet bloc voted for the amendments.

The 17-point Indian plan, based on war prisoner repatriation or retention without force, now passes into the hands of Assembly President Lester B. Pearson of Canada for transmittal without delay to the Red Chinese regime at Peiping and the North Korean regime at Pyongyang.

**U. N. Hopes**

Pearson will forward it to the Communists with the express UN hope it will be accepted despite its denunciations by Soviet Foreign Minister Vishinsky and rejections announced last week by Red China and North Korea.

The U.N. peace bid going to the Communists as a proposed basis for the resumption of truce talks at Panmunjom calls for:

**Umpire To Vote**

1. Establishment of a four-nation repatriation commission, consisting of Poland, Czechoslovakia, Sweden and Switzerland. An "umpire" will act as chairman and vote whenever there is a deadlock among the four.

2. The commission will set up headquarters in a demilitarized zone in Korea, possibly on an island off the Korea coast.

3. Prisoners from both the Communist and U. N. side will be transferred to the demilitarized zone. There, the prisoners will be classified according to nationality with the assistance of Red Cross teams "from both sides."

4. Prisoners will have full freedom to tell the commission whether they want to go home or elsewhere and will be provided with transportation.

5. Prisoners not wanting to go home after 90 days will be referred to the proposed political conference on Korea outlined in the Panmunjom armistice agreement, and

6. If such prisoners have not been resettled by the political conference within 30 days, they will be turned over to the U. N. for resettlement in U. N. territories.

ALL SMILES, BUT NOT IN AGREEMENT—Russia's Andrei Vishinsky (left) and India's Krishna Menon wear smiles as they meet before the United Nations General Assembly session in New York Wednesday. However, the Russian delegation and four Soviet bloc countries voted in the negative as the Assembly approved, 54 to 5, the Indian plan for peace in Korea. (AP Wirephoto Wednesday Night.)

## Revolver Is Taken From Man At YMCA After Threats Made

A 30-year-old Lincoln man was disarmed by Lincoln police in the YMCA Wednesday afternoon after he slugged a janitor, Conrad Franks, and threatened to kill anyone who bothered him.

Detectives Ben Fischer and Carl Wise found the man in his room on the top floor with a knife in one hand and a loaded revolver in the other.

Detective Fischer received a cut over one eye in the scuffle which followed. The man, who police said had been drinking, was held overnight in Municipal Jail.

Franks, who lives at 925 Charleston, told police he had told his assailent that a wash basin was not the place to wash off mud from his shoes. The slugging and threat followed.

## Coe 'Quits' Monetary Fund Post

### Had Refused To Deny He Spied Against U.S.

WASHINGTON (INS) — Frank Coe, who refused to tell the Senate Internal Security Committee whether he had ever engaged in espionage against the U. S., was forced to resign Wednesday as secretary of the International Monetary Fund.

Coe's virtual ouster was the latest development in the story of allegedly "disloyal Americans" in the United Nations and related organizations being unfolded by the committee and a "runaway" federal Grand Jury in New York.

Ivar Rooth, managing director of the fund, issued this brief statement:

"Mr. Frank Coe has resigned from the staff of the International Monetary Fund. The resignation is effective today."

Fund officials declined to elaborate except to say that Rooth had asked for the resignation. Coe had held the fund post since June 3, 1946, at an annual salary of $15,500 clear of taxes.

**Dismissal Asked**

The Senate committee called Tuesday for Coe's summary dismissal.

Coe refused to tell the committee whether he is at present, or ever has been, engaged in espionage against the United States.

He refused also, on grounds of possible self-incrimination, to say whether he was or ever has been a member of the Communist party.

Sen. O'Coner (D-Md) acting as a one-man subcommittee in New York hearings, demanded that the fund explain why Coe had been retained after the State Department denied him a passport last year as a poor security risk.

**54 Nations**

The monetary fund, set up along with the World Bank shortly after the end of World War II, is financed by 54 nations. Some of these are members of the United Nations; others are not.

Prime purpose of the fund is to stabilize foreign exchange through currencies and gold put up by subscribing governments.

Coe was one of those originally named by Elizabeth T. Bentley, self-styled former Communist spy courier, in sensational hearings on Capitol Hill.

He subsequently appeared before the House UnAmerican Activities Committee and denied under oath charges by Miss Bentley that he was one of a group of Washington officials who aided a Soviet espionage ring in Washington.

## Partly Cloudy Skies Forecast For Nebraska

Roads in the eastern part of Nebraska, already rough and slick in spots from an accumulation of packed snow and ice, were made even more hazardous early Wednesday by sleet.

The Lincoln Telephone and Telegraph Co., reported sleet fell Wednesday at David City, Plattsmouth, Seward, Valparaiso, Wahoo and Weeping Water.

However, road conditions were helped some later in the day as temperatures went above the freezing mark turning the ice and snow into slush.

State Maintenance Engineer John McMeekin said all roads were still icy in spots east of Grand Island Wednesday.

According to the forecast, however, the conditions should improve Thursday. Partly cloudy skies, no precipitation and temperatures near or above the freezing level are predicted.

An earlier forecast, indicating that freezing drizzle might change to snow spreading over the state by Thursday night, was ruled out by a later prediction.

## —Capital Action— Taft-Hartley Law Used By Truman

### Act Invoked To End Steel Workers Strike

WASHINGTON (AP)—President Truman Wednesday invoked the Taft-Hartley Labor Act, a law he has often condemned, in an effort to end a strike of 1,500 CIO steel workers who make nickel pipe essential to the atomic energy program.

The steel workers union was reported determined to make a fight in Federal Court over the question whether the law can be used in this case, which involves a single plant of the American Locomotive Company at Dunkirk, N. Y.

The President's action appointing a board of inquiry paves the way for the attorney general to ask a Federal District Court for an order halting the strike for 80 days. Failure to obey such an order can bring heavy fines and other penalties for contempt of court.

Truman has used the law 10 times since it became effective in 1947. The last time was more than a year ago. Despite heavy criticism from Congress, the President refused to invoke the law in last spring's steel strike.

The law says that a District Court may issue an injunction only if it finds that the strike:

1. "Affects an entire industry or a substantial part thereof. . ." and

2. "If permitted to. . .continue, will imperil the national health or safety."

There has been considerable discussion among top officials as to whether the Dunkirk dispute fits this definition. The White House is apparently satisfied that the Justice Department will be able to get a court injunction to stop the strike.

But the union, it was reliably reported, feels that the small size of the strike and the fact it has shut down only one plant exempt it from a Taft-Hartley injunction.

## Regulations On Use Of Garbage Feed Listed

The State Agriculture Department Wednesday issued regulations to carry out the ban on feeding of raw garbage to hogs, effective Saturday.

The Legislature in special session in September passed an act requiring any garbage fed to hogs commercially be cooked.

The garbage feeding ban was one of the steps taken to stop the spread of the hog disease, vesicular exanthema.

Feeders were given 90 days in which to arrange cooking facilities.

Regulations issued Wednesday by Agriculture Director Clay Wright require heating the garbage to the boiling point. The cooker must be at least 150 feet from the pen where the animals are kept.

The regulations also contain directions for the preparation of trucks used in hauling the garbage to the cooker.

The ban does not apply to household garbage fed on the individual farm.

Wright reported it cost $22,969 to clean and disinfect pens in which quarantined hogs were kept during the vesicular exanthema outbreak last summer. Material which had to be destroyed, such as lumber and partitions, amounted to another $3,698.

## Fay N. Seaton, Father Of Senator, Dies In Manhattan

MANHATTAN, Kan. (AP)—Fay N. Seaton, editor and publisher of the Manhattan Mercury-Chronicle, died Wednesday night at the age of 70. He had been in failing health for the past year.

He was the father of retiring U. S. Senator Fred Seaton of Hastings.

Born in Champaign, Ill., March 16, 1882, Seaton entered the newspaper business here in 1915 and built up a group of newspapers, and radio stations in Kansas, Nebraska, South Dakota and Wyoming.

He had been active in Republican politics in Kansas and before entering newspaper work was executive secretary to Sen. Albert Bristow of Kansas. He served as chairman of the Kansas State Welfare Board in the 30s.

Survivors include his widow, his two sons, Richard M. Seaton, publisher of the Coffeyville Journal, and Sen. Fred M. Seaton, publisher of the Hastings Tribune.

Senator Seaton is president of Seaton Publications, Inc., a position formerly held by his father. The Coffeyville publisher is vice president of the corporation.

## Lie Tells U.N. Workers 'Talk Or Be Ousted'

NEW YORK (INS)—U.N. Secretary-general Trygve Lie ordered all American U.N. employees who have refused to tell Senate probers about Red ties to agree to talk by noon Thursday or consider themselves fired.

The ultimatum by Lie, issued in a letter to all U.S. employees of the United Nations, asked that they "assure the Secretary-General of their willingness to speak" before such committees as the Senate internal security sub-committee or consider themselves resigned from the U.N.

## Blair Firm Is Low Bidder On Base Project

Korshoj Construction Company of Blair was apparent low bidder Wednesday on the railroad trackage and bridge construction at the Lincoln air base with a bid of $126,740.

The Omaha District Office of the Army engineers said all of the 14 bids submitted were higher than the government estimate of $116,000 for the job. Highest bid was over $187,000.

The spokesman said that although all bids were higher than the estimate, the low bid was apparently within the 15 per cent allowance.

**Second Low**

Next lowest bid of $133,795 was submitted by the Abel-Dobson-Roberts Construction Company of Lincoln. Other Lincoln bidders were:

Roberts Construction Company, $155,711.

Harry Dingman Construction Company, $176,888.

Central States Bridge Company, $179,863.

The job, which will probably require approximately 270 days, calls for 3,800 feet of trackage; one steel truss bridge, 6,500 tons of crushed stone at the bridge site, and 12,000 cubic yards of channel excavation.

Other bidders included firms located at Grand Island, Omaha, Des Moines, Ia., and Minneapolis, Minn.

## College Training As Base For Teacher Certification By '56 Favored

Nebraska's county superintendents passed four major resolutions Wednesday afternoon concerning elementary teacher certification, elementary supervisors, handicapped children and redistricting.

Meeting in Lincoln for their annual convention, the superintendents adopted the following recommendations, proposed by the Legislative Committee, headed by Chairman Robert Quick of Columbus.

1. That by 1956 the first regular certificate for all elementary teachers in Nebraska shall be based on a two-year teacher training course in a teachers' college, and that provision be made by the state superintendent for emergency certiifcation.

2. That an elementary supervisor be provided for each area.

3. That a more definite program for all handicapped children be established.

4. That the old redistricting law be amended to make it more workable and to provide for definite action by the county redistricting committee.

Miss Lillian Larson of Fremont became the new president of the association when her opponent, Mrs. Edna Bratten of McCook, withdrew. On alternating years the association elects a woman president. She is the former vice president, and succeeds L. A. Behrends of Plattsmouth.

Elected vice president was Robert Quick of Columbus; secretary, Mrs. Musetta Gilman of Madison; treasurer, Mrs. Virginia Konegni of Dakota City; Legislative committee, Quick, Miss Mary Gilmore of Broken Bow and Mrs. Kathryn K. Lee of Harrisburg, all re-elected.

About 75 superintendents were in Lincoln for the annual convention which opened at the Cornhusker Hotel Wednesday morning. They will meet Thursday and Friday at the State Capitol for their annual institute.

At the opening session in the morning, Lois M. Clark of New York, assistant director of rural service of the National Education Association, expressed a need for the addition of clerical staffs to county superintendents' offices.

**More Services**

Because of the increased demand for more services from county superintendents, Miss Clark said a competent staff would be valuable in performing clerical and routine duties. Some of the areas mentioned as becoming a part of the superintendents' responsibility are more supervision of education, broader educational programs and solving the problem of handicapped students.

She also pointed out the problem in midwest states of planning an educational program for a decreasing number of rural children instead of growing population as in pioneer days.

Miss Clark outlined plans for the Nebraska County Superintendents who will be hosts at the National Conference of County Superintendents in Omaha Oct. 11 to 14, 1953.

Behrends presided at the afternoon meeting and Wenona E. Harris of Hastings presided in the morning.

The Rev. C. Vin White was the banquet speaker Wednesday evening, discussing the topic, "Not by Might or Power." Miss Larson presided.

Thursday's agenda will include talks by the following:

Allan R. Lichtenberger, director of research of the State Department of Public Instruction, "Views of Germany"; Dr. M. L. Cushman, professor of rural education, Iowa State College, "Services of the County Superintendent"; James C. Porterfield, assistant head, Psychology Department, University of Omaha, "Public Relations of the County Superintendent," and Dr. Raymond M. Taibl, director of special education, State Department of Education, "Progress in Education of the Handicapped Child."

The group will visit Milford Trade School in the afternoon.

# Allies Win Both Land, Air Battles

### ROKs Repulse Reds; Four MIGs Downed

SEOUL (Thursday) (INS)—Allied ground and air forces won smashing victories Wednesday in zero temperatures on Pinpoint Hill and clear skies over MIG alley where two Russian-built MIG-15 jets were shot down.

South Korean infantrymen emerged victorious from a 30-hour battle in which wave after wave of Chinese charged against Pinpoint Hill in the most vigorous assault on the Sniper Ridge sector since Nov. 14.

Fifteen American B-29 Superforts fanned out over North Korea late last night and pounded Communist military installations with 150 tons of explosives.

Major targets of the Japan and Okinawa based Superforts were the Taeyudong barracks and supply area within 30 miles of the Suiho Reservoir and the seven-acre Communist military headquarters at Sunchon, south of the Chongchon River.

The big bombers also blasted Communist positions on the front lines.

The Chinese captured Pinpoint Hill shortly after daybreak in a wild hand-to-hand battle but in the late afternoon the Republic of Korea (ROK) troops had fought their way back to the crest and by 9 p.m. the last Chinese had been chased off the hill.

The Chinese tried one more attack shortly before midnight, but it failed in half an hour.

The chilling cold, which dropped the mercury to one degree above zero on Sniper Ridge, hit the entire battlefront. Both Allied and Red soldiers huddled in bunkers and foxholes over small fires and stoves.

Allied patrols picked their way cautiously over the snow-slicked ground and fought brief, isolated actions. The largest of these was a two-hour skirmish in which the Reds suffered 14 casualties south Panmunjom.

## Search For Lost Plane Continuing

### New Snow Makes Hunt Difficult

SAN BERNARDINO, Calif. (AP)—Thirty airplanes searched Wednesday for an Air Force transport missing since Monday night with 13 men aboard and presumed to have crashed in the San Bernardino mountains.

The weather cleared Wednesday. However, 6 to 8 inches of new snow fell Tuesday at high altitudes and could have covered a fallen plane, making spotting difficult from the air.

**Best Clue Fades**

Search planes Wednesday were from nearby March, George and Norton Air Force bases, and the Civil Air Patrol. The Marines sent a helicopter from El Toro Marine Air Base.

The best clue Tuesday to the fate of the twin-engine C-47 en route from Offutt AFB, Omaha, Neb., to March AFB, Riverside, Calif., evaporated Wednesday. That was a deputy sheriff's report of a fire at about 8,000 feet elevation. It turned out to have been a $20,000 fire at the isolated Green Valley Club's winter sports clubhouse.

## 2 More Bank Jobs Predicted By 'Grandma'

LOS ANGELES (INS) — Los Angeles' gun-toting "grandmother bandit" notified the Federal Bureau of Investigation Wednesday that she intends to hold up two more banks to secure a nest egg for a soldier-son when he returns from Korea.

The startling, handwritten letter was received by Los Angeles federal agents who said that fingerprints identified the letter as written by the "sweet-faced and grandmotherly-appearing" woman who has robbed three banks in Los Angeles in a 40-day period for a total loot of almost $4,000.

The FBI refused to release the exact wording of the unsigned letter, but they said it revealed:

She intends to rob a total of five banks to "set up" her son when he is discharged from the army.

She is indeed a grandmother.

She will "retire" after her fifth bank holdup.

Agents said that while several anonymous letters have been received in connection with the "Grandma" case, the current letter alone is believed to be authentic.

## Payments Made To Longshore Leaders Told

NEW YORK (AP)—Stevedoring firms on New York's waterfront were reported Wednesday to have paid thousands of dollars to keep AFL longshore leaders at their "beck and call," or as "gratuities" for their "good will." Many payments were secret.

"It was an established practice in the business," elderly, white-haired Ruth M. Kennedy told a state crime commission. She is secretary-treasurer of Daniels and Kennedy, Inc.

Her firm, testimony showed, paid $7,500 in five years to Joseph P. Ryan alone. He is president of the AFL International Longshoremen's Association, whose members work the world's biggest waterfront.

Excessive loading charges and a make-work pier policy, the commission heard, is slowly strangling the vast Port of New York, driving away business by the shipload.

The testimony was spread on the record as the State Crime Commission opened an explosive inquiry into waterfront rackets alleged to bleed 350 million dollars a year from the shipping industry here.

## Thomas Blackfeet Fails In Attempt Escape From Jail

KIMBALL, Neb. (AP) — An attempted jail break was discovered at Kimball County Jail Wednesday afternoon.

Officers said Thomas Blackfeet, being held in connectinon with the abduction and beating of two women here last month, had used the wire handle of a brush to dig a hole in the plaster wall of the solitary confinement cell.

The hole was only a few inches in diameter when discovered. It would have led to a corridor within the jail but other prisoners have escaped after getting into the courthouse attic. Blackfeet said he had been working on the hole about a week.

Blackfeet was transferred to the iron-barred bull pen to wait arraignment Saturday.

## Beals Is Honored For Distinguished Service To League

C. E. Beals of Lincoln, executive secretary of the League of Nebraska Municipalities, Wednesday was presented an award for distinguished service from the American Municipal Association.

He was one of 41 city officials thus awarded at the 29th annual congress of the association in Los Angeles. The award to Beals was made in recognition of 24 years of membership in the Nebraska League of Municipalities.

## Word 'Casualty' Dropped In Weekly Report From Korea

WASHINGTON (AP)—The Pentagon Wednesday dropped the word "casualty" from its weekly report of wounds and fatalities incurred in the Korean War.

A spokesman said the word is misleading, that it gives people the impression everyone listed as a casualty has been killed or maimed.

At the same time, the Defense Department ended a practice begun in August, 1950, of reporting the grand total of all U. S. casualties in the Korean War.

The action apparently resulted from Republican emphasis during the recent campaign on the Korean War and its mounting casualties.

**Told Do Something**

Last summer Pentagon officials told reporters they received instructions to do something about explaining that there was a difference between "casualties" and deaths.

Military officials at that time cautioned against changing the casualty reporting system in the middle of the war and in the midst of a political campaign. That advice was followed.

The question was raised again as soon as the election was over, and Wednesday's report on deaths and wounds marked the first departure from a practice which went all the way through World War II.

Most reporters continued to report Korean "casualties" today. They added the figures given out by the Pentagon on battle deaths, wounds and missing to reach a new casualty total.

The figures as of today's report are as follows: killed in action, 20,004; wounded, 94,367; missing, 13,012—total, 127,383.

## Ex-Convict Is Seized As Slasher Suspect

CHICAGO (INS) — An ex-convict was seized by Chicago police Wednesday night in connection with a series of terror-slashings of South Side women.

He was identified as Stanley Pasciak, 22, and was caught by a police squad when he attempted to force a woman into his pickup truck.

Two women and two children have been attacked in the last few days and each has been slashed by a knife.

## Cunningham Is Resting After Pneumonia Attack

OMAHA (AP)—Omaha Mayor Glenn Cunningham, recovering from an attack of virus pneumonia, was taken to a hospital.

Mrs. Cunningham said his doctor ordered a "complete rest" and hospitalization was necessary because of people who were bringing their business to the mayor's home.

## New Venezuela Chief Lines Up A Government

CARACAS (INS) — Provisional President Marcos Perez Jiminez Wednesday undertook the task of forming a government to supersede the three-man junta which ruled Venezuela for four years.

Perez Jiminez, one of the members of the junta, was proclaimed provisional president Tuesday night by the chiefs of the nation's armed forces.

(The announcement that Perez Jiminez was to be the chief executive was the first election news out of Venezuela since early Monday. At that time, incomplete returns seemed to indicate that the pro-government party was losing the election for seats in the constituent assembly.)

## State Problems Of Government Are Discussed

CHICAGO (AP)—Governors and other state officials gathered Wednesday to discuss the problems of state governments.

The board of managers of the Council of State Governments held a closed meeting Wednesday. They considered the affairs of the council, a clearing house for information and an agency for co-operation of all states in solving their common problems.

Gov. Val Peterson of Nebraska presided. He is the president of the council. Gov. Allan Shivers of Texas is slated to succeed him during the session.

**Others Present**

Other governors here include Edward F. Arn of Kansas, Herman E. Talmadge of Georgia, Walter Kohler of Wisconsin, and G. Mennen Williams of Michigan.

Delegates from all states will attend a three-day round of sessions starting Thursday. The agenda includes these topics:

Thursday: Water resources and control of organized crime.

Friday: Higher education and state legislative plans.

Saturday: Tax and fiscal problems, and resolutions.

## French Union Troops Hold Na San Village

HANOI, Indochina (AP)—Indochina's biggest battle is being fought at close range around the village of Na San.

Thousands of French Union troops, besieged by double their number of the Communist-led Vietminh, have their backs to the wall.

The wall in this case is an air strip. Two weeks ago Na San, 117 miles west of Hanoi, was just a pinpoint on the military maps of Northwest Indochina. Today it represents France's hope and determination to check Communist encroachment westward from the Upper Red River.

If Na San falls, the French survivors must drop back to the French-held Red River Delta. Some might be flown out. Others would have to try a fighting retreat aground.

All Southeast Asia is watching closely. A serious French setback would have repercussions in Malaya, Burma and the Philippines.

## Resignation Of Donnelly Is Revealed

### Diplomat To Quit Post After 30-Year Service

WASHINGTON (INS) — Responsible sources revealed Wednesday that Walter J. Donnelly, veteran diplomat and high commissioner for Germany has submitted his resignation after 30 years of government service.

Donnelly's resignation was sent to the White House some time ago, effective Dec. 31. Its announcement has been held up because of delicate negotiations going on in Germany affecting ratification of that country's new near-sovereignty status and adherence to the European defense community.

This ratification has been almost completed and the White House is expected to announce Donnelly's resignation Friday.

Donnelly

It was emphasized that Donnelly's retirement is not a part of the departure of high appointed administration officials expected to follow the inauguration of Gen. Dwight D. Eisenhower as president.

**Commerce Bureau**

Although only 56 years old, Donnelly has been with the government since 1922. He had served in World War I and in 1922 joined the Bureau of Foreign and Domestic Commerce in the Commerce Department.

He served there until 1933 when the late President Roosevelt transferred that bureau into the State Department, a move that had long been advocated. This launched him on his diplomatic career which was spent for the most part in Latin America. His last two posts in that area were as ambassador to Costa Rica and later to Venezuela.

Donnelly played an important role during the rioting in Bogota, acting as a go-between of the disputing factions.

During the 20-day interim period between his resignation and Jan. 20, Donnelly's work will be taken over by his present deputy Sam Reber Jr., also a career diplomat who has been in the foreign service since 1926.

Reber worked as deputy to Donnelly when the latter was named high commissioner to Austria in October, 1950, and followed him early this year to Germany.

Reber was a political adviser to the commander of U. S. forces in North Africa and later in Italy under Eisenhower.

## $76,958 Damages Sought In Crash

OMAHA (AP) — Truck Driver John Priest, North Platte, and the Merchant Freight Lines were sued for $76,958 in Federal District Court here Wednesday in the outgrowth of a fatal highway accident.

Pfc. Charles Mantia, 20, who lived in Oregon, and Pfc. Donald G. Mason, Hoquiam, Wash., were killed last December in a collision involving a truck driven by Priest nine miles west of North Platte.

## TRUMAN, ADLAI OPEN CAPITAL PARTY TALKS

WASHINGTON (AP)—President Truman and Gov. Adlai Stevenson, who succeeds him as titular head of the defeated Democratic party, got together Wednesday night to talk over plans for a party comeback.

The Illinois governor, beaten by Republica Dwight D. Eisenhower in the November presidential election, will be a White House guest through Thursday night. Flying in from Atlantic City by commercial airliner, he will have two evenings and a full day for postmortems and plans.

Two matters rated as certain to figure prominently in the talks between the retiring and incoming party chiefs are these:

1. An evaluation of just what happened to the Democrats in 1952 to cause their first nationwide defeat since 1928, as a guide to the future.

**Party Affairs Role**

2. The nature of the role Stevenson himself will take in party affairs.

Stevenson's commercial plane was about an hour late.

A crowd of some 200, largely made up of women and children, waited that hour in dark, chilly weather to shout a greeting. There was a chant of "We want Adlai" when the plane landed. Some shouted "Stevenson in '56" and there were banners reading "Retrieve with Steve."

As Stevenson boarded a White House car on the way to the executive mansion he told them:

"I have only this to say aside from my gratitude. I'm not coming back for four years."

## Crackdown Ordered On Fire Truck Law

BEATRICE, Neb.— A crackdown awaits motorists who follow fire fighting apparatus too closely, Chief of Police Norm Bryant reports.

Several volunteer firemen have complained on this recently, and have stated they will drop from the organization unless the city ordinance is enforced.

## Honors Ceremony Slated For Doane

CRETE, Neb. — (Lincoln Star Special) — The annual fall honors convocation will be held at Doane College Thursday at 11 a.m. in Lee Memorial chapel. Principal speaker at the occasion will be Thomas S. Bowdern, S. J., former president of Creighton University in Omaha.

Father Bowdern, present professor of education at Creighton, will speak on "The Secret of Culture."

Awards of scholastic achievements in the second semester of last year will be announced during the morning program.

# Lundberg Heads Veterinarians

## Wausa Man Selected By State Group

Dr. F. O. Lundberg of Wausa is the new president of the Nebraska State Veterinary Medical Association. He succeeds Dr. E. W. Peck of Auburn.

The veterinarians at their annual meeting in Lincoln Wednesday elected Dr. E. L. Metcalfe of DeWitt as vice president and Dr. W. T. Spencer of Lincoln, secretary-treasurer.

Elected to the board of directors were Dr. Carl E. Brillhart of Madison and Dr. H. L. Church of Battle Creek. Retiring members are Dr. Metcalfe and Dr. O. E. Walgren of Platte Center.

Earlier, the veterinarians heard Dr. Carl Olson of Lincoln discuss new development in bovine hyperkeratosis (skin abnormalities of cattle).

**'X-Disease'**

Once known as "X-disease," researchers have been led to believe the condition has toxic origins rather than bacteriological.

Dr. Olson said toxic chemical compounds causing bovine hyperkeratosis has been traced to tractor lubricating oils as well as feeds.

The chemical compounds have been removed from these products as manufacturers were informed of their possible toxic potentialities.

Other morning features included "Small Animal Practice and Surgery" by Dr. A. B. Pittman of Omaha, and a film of "Vesicular Exanthema.

**Auxiliary Officers**

The Women's Auxiliary elected Mrs. J. L. George of Chseter as its new president. Other new officers are:

Vice president—Mrs. Neal Haselbalch of St. Edward.

Secretary-Treasurer—Mrs. L. C. Shaw of Geneva.

The Auxiliary also voted to donate $100 to the research fund of the American Veterinary Medical Asscoiation.

Approximately 200 members of the Association and Auxiliary registered for the three-day meeting. The afternoon program included closed sessions during which the veterinarians heard lectures of prevalent animal diseases and treatment methods.

Highlights of the evening banquet included special entertainment, followed by dancing. The meeting ends Thursday noon after additional lecture sessions during the morning.

## Many Expected At Hearing On Proposal To Control Certain Commercial Hauling

The Railway Commission's proposal to assert jurisdiction over commercial hauling of certain commodities of agricultural origin is expected to attract one of the largest crowds in the body's history when the hearing is held here Dec. 10.

Both shippers and carriers are said to be divided over the issue.

The question comes to a head through the commission's notice of intent to enforce rate regulations affecting the hauling by truck of such items as dairy products, live poultry, livestock, grain, seeds, potatoes and other vegetables.

The commission has notified motor carriers and shippers alike that it will begin enforcing uniform rate schedules on these commodities on March 15, 1953, unless cause is shown why it should not. This is the question which leads to the hearing on Dec. 10.

Opponents of the proposal contend that items originating on the farm should not be subject to rate schedules, even after they have left possession of the farmer producing them. Even after cream has been separated from the milk and converted into butter, the item still should not be regulated, they say.

The commission established rate schedules for motor carriers to follow when hauling such commodities, after the passage of the state motor carrier act in 1937.

## Liquor Head Can Hold Two Jobs, Opinion Says

Additional salary can be paid Walter C. Haase, liquor commission secretary, if he also serves as chief inspector, Attorney General Clarence Beck ruled in an opinion given the commission.

Dan Sanders, former Hall County sheriff, is now chief inspector at a salary of $4,800, while Haase gets $3,800 as secretary. Sanders is reported considering returning to Grand Island.

# 'Mr. Republican' Protests

*Sen. Bob Taft of Ohio, otherwise "Mr. Republican," got a big hand from The Omaha World Herald for his sharp criticism of President-elect Dwight Eisenhower as a result of the announcement of the appointment of Martin P. Durkin to be Secretary of Labor.*

★

"Incredible," Taft had said when the news of Durkin's appointment was made public. "He has the right word for it," The Herald snorted in recalling that Mr. Durkin was a Truman Democrat, worked and voted for Gov. Stevenson and has opposed the Taft-Hartley Act. That, The Herald reasons, should be enough to damn Mr. Durkin, possibly from now on until the end of time. A few months hence, much better than now, it will be possible to pass judgment upon the qualities of the men President-elect Eisenhower has chosen as members of his official family. As a matter of strength, not a measure of weakness, they cannot all be of the same stripe, the identical outlook, or the precise standardized view.

★

In the choice of a cabinet, Gen. Eisenhower wins commendation on at least two points. He acted promptly, with decision, putting an end to speculation, averting within his own party the inevitable dogfights that develop when these posts are left vacant. At least the country knows what it has — the men Gen. Eisenhower has chosen to carry with him the heavy burdens of responsibility which sortly he will assume. And beyond that, we believe that the American people are impressed with the fact that the President-elect has been most conscientious in choosing men he believes to be highly qualified for the duties that fall to them.

★

**It is not difficult in this big country to select others. In the field of agriculture, for example, in preference to Ezra Benson, our choice would have been Rep. Cliff Hope of Kansas, a choice dictated by admiration for the qualities of a veteran member of Congress long identified with agriculture, actually in line to be the chairman of the House Agriculture Committee both on the basis of seniority and ability. Mr. Benson will have to be quite a man to measure up to Rep. Hope.**

★

Now it is being said that Sen. Taft's blast against Durkin brings the honeymoon to a close even before the bridegroom is installed in the White House. That does not follow, necessarily, "Mr. Republican's" public denunciation of the Durkin appointment. There has never been any basis for concluding that Sen. Taft would follow any other than an independent course, weighing each administration proposal on its merits, as he sees the light, and supporting or opposing it, as he chooses. On many domestic policies, the country may get its eyes opened by a discovery that Taft actually is to the left of Eisenhower. And in the foreign field, it will not be surprising if on occasion the two follow their own lonely paths.

★

**The completed Eisenhower cabinet reveals two outstanding characteristics. Ike has made an attempt, and apparently most successfully, to draft the best business brains which could be persuaded to accept the punishment of public service. He has reached out to instill a spirit of confidence in the competency of those he has tapped on the shoulder. The country moves into what loosely can be described as an industrial-financial leadership. It can prove itself in these months ahead as mildly conservative without being reactionary. That rests in the laps of the gods, and the men chosen by Ike.**

★

One other reflection is inspired by Bob Taft's protest. He said he had discussed the cabinet with Herbert Brownell, the newly chosen Attorney General. The customary practice has been to refer patronage or to accept the Postmaster General as the political figure in the cabinet. We assume that when Mr. Brownell takes his post, his role in the administration will be transformed to permit him to devote his entire energies to the Attorney General's office and to divorce it completely from the political atmosphere. That situation has not always been ideal in recent years but invariably the Justice Department occupies a stronger position when it is detached from politics. The American people are expecting a great deal of Mr. Brownell and he will be in a better position to measure up to their expectations if more and more he can abandon the role of political consultant.

★

**The public wants peace at home and abroad. At home a closely knit cabinet can contribute substantially to a peaceful atmosphere in Washington. Ike has chosen strong men, men with minds of their own, but on the whole, obviously men who know the meaning of teamwork.**

# Less Table-Thumping

More and more, it has seemed, the administration of the Nebraska State Liquor Commission has captured the headlines in the newspapers.

The latest example, arising as a result of the commission's action in adopting a new rule relating to the wholesaling of liquor, an action reputedly taken secretly, is only one of a series of developments extending over the last two years. The charge of secrecy results from the fact that the commission made no announcement of its new rule until after it had acted and the rule shortly was to go into effect.

Governor-elect Bob Crosby is to be commended for his quiet, thoughtful approach to the issue. He indicated his intention to examine into the circumstances relating to the new rule, and then added:

"I'd like to comment in due time. I think I ought to interest myself in it."

This paper believes Mr. Crosby is on the right track. He should devote himself to a study of the Nebraska Liquor Commission, to its procedures which contribute to policy. The rule under fire, adopted, it is charged, without notice to the public or to the liquor industry, forces a liquor wholesaler to sell to all retailers at a uniform price, with no larger discount than 25 cents per case or barrel for quantity purchases. We assume that the members of the commission gave due thought to the rule before they took action. In support of it, the claim is made that it places all retailers upon an equal basis by eliminating larger discounts to the larger retail purchasers. In criticism, it is said that the rule will increase the price to consumers, a consideration of slightly less than primary consequence when it is recalled that the Liquor Control Act itself seeks to discourage drinking.

What is a little bit more disturbing is that the commission seems to forget it represents the people of Nebraska. It can create confidence in itself no better than by having all meetings public, after due notice, and by recognizing that at all times the legalization of the sale of liquor is by sufferance and not to be abused.

There is a place in the Nebraska state house for the approach Mr. Crosby has adopted. There is no need for table-thumping, for hasty decision, or for impetuous action. The thoughtful approach to the state's problems out in the sunlight will be welcomed.

# Recognition For Stevens

There is more than individual gratification in the recognition that came to Dawson County's upstanding county agent, Harold M. Stevens.

At a national gathering in Chicago, he was presented with a trophy for the program which he in tireless energy carried forward on the home front. Part of the accomplishments on which the award was based included this:

"Planting a grass variety demonstration; developing bordered irrigation pasture demonstrations; setting up a 110-acre sprinkler irrigated pasture system; holding a tour where 215 carloads of people saw the results of economically using roughage and pasture; holding a tour in Colorado for 34 local county leaders; holding silo tour; holding sheep-raising meet featuring pasture management; training 4-H demonstration team in summer feeding in alfalfa pasture (the group appeared 15 times); taking dehydrating plant managers on a two-day trip to experiment stations."

In between, Mr. Stevens had very little time to loaf, especially since that is only a condensed report of a busy year, carefully mapped out and fulfilled. But it must have been a source of great satisfaction to him as well as great value to the people of Dawson County. For a relatively young fellow devoting his life to the soil only a matter of 18 years out of college, Mr. Stevens obviously has been going places.

# Something New Under The Sun

It is necessary to look no further than the patent applications received in Washington last week to believe that men are devising new ways and means of doing things every day. While some of the applications clearly border on the fantastic, others make intriguing sense; and even the former group might some day seem less ludicrous. After all, many person were ridiculed for trying to devise a machine that could fly.

One particularly attention-arresting device was patented by Speros P. Andelenis of Concord, N. H., who seeks to provide interested persons with a "canary glass house." This house looks like a birdcage on a high pedestal, with a circular stairway twining its way upward from the ground, and is meant for human occupancy. The glass may be transparent, translucent or colored, depending upon the wishes—and possibly the modesty—of the buyer. Utilities such as gas, water and electricity, are supplied through the hollow pedestal supporting the house. Best of all, the Andelenis patented house rotates to take advantage of the sunlight.

The inventor points out, rather needlessly, that the purchaser of his house will not be troubled with excavation for a basement or have any worries concerning cellar dampness.

If the Andelenis house is not appealing, perhaps Patent No. 2,618,035 might prove of greater interest. It is a selfclosing safety pin, which would solve a lot of domestic problems. Then there is a reversible rotary toothbrush (No. 2,618,161) for individuals who are tired of brushing teeth by hand and would like a motor to do the work. Or the pill counter (No. 2,618,420) could turn out to be helpful, since it counts pills or tablets from a dozen to 50 for easy bottling.

There is also a comb with foldable teeth, an insulated life preserver garment, a double automobile tire to prevent skidding and give more riding comfort, and a miniature combination radio receiver and hearing aid.

The fellow who said there is nothing new under the sun didn't take a hard look at the weekly reports on patent applications, which continue to come in regularly as new ideas keep cropping up.

DREW PEARSON

## Aging President Rhee Modern-Day Saviour

**(Ed. note—This is the second of Drew Pearson's series of columns on the problems facing Gen. Eisenhower in Korea.)**

WASHINGTON—Politics is not supposed to be on the agenda of Gen. Eisenhower's Korean trip. But the first person he will meet in Korea is gnarled, cantankerous President Syngman Rhee, hero to millions, despot to a few, and the man who has kept the light of Korean independence burning for half a century.

**And President Syngman Rhee has seen to it, well in advance of the President-elect's visit, that he will be put on the political hot spot. For Rhee has told the people of Korea that Eisenhower has come to liberate their country.**

Thus any compromise Eisenhower may propose, or anything he does short of a drive into North Korea up to the banks of the Yalu River, leaves disappointment and a serious morale problem in his wake.

The man who will greet Eisenhower in Korea is one of the most extraordinary heads of government in the world.

He spent seven years in prison, seven months under constant torture, 41 years in exile, has had a $300,000 price on his head, and has probably fought longer to bring self-government to at least one rocky, isolated portion of the Orient than any other man living today.

☆ ☆ ☆

**RHEE IN EXILE**

I knew Rhee when he lived in exile in Washington, president of the so-called "Korean Republic," then under the emperor of Japan, and which no one thought ever could be free again—no one, that is, except Rhee.

**The president in exile, gnarled, aged even then, had come to this country at the age of 27 during the Portsmouth conference which settled the war between Russia and Japan. And, though he was received personally by President Theodore Roosevelt, the Russo-Japanese treaty, when it emerged, contained, as Article I, a provision for turning Korea over to Japan. At that time, we did not consider the rights of small nations important.**

Rhee, however, battled on. He had become a Christian, had written a book, "The Spirit of Independence," while in jail. Now he studied at Harvard, got to know Woodrow Wilson at Princeton, attended the Versailles conference, once again with a plea that the great powers recognize Korea, once again to be disapopinted by his friend, Wilson.

Back in Washington during the early days of the F. D. Roosevelt administration, Rhee tried to get the State Department to issue a passport to an Austrian lady he had met at Geneva, Franziska Donner. The State Department gave him the usual run-around.

Finally I called his plight to the attention of Cordell Hull who cut red tape, let Fraulein Donner enter this country. She and Dr. Rhee were married. She has been beside him through the heartaches and headaches of Korea ever since, and no matter how discouraging the news in Korea, I never fail to hear from them at Christmas.

☆ ☆ ☆

**MODERN-DAY SAVIOUR**

When Syngman Rhee returned to Korea after the Japanese surrender in 1945, he was received as a modern-day saviour. Every political party welcomed him, offered him support, asked him to become president—even the Communists.

**It is not unnatural that a 77-year-old battler for liberty should find himself in frequent opposition with U.S. military and diplomatic authorities, and Rhee's first tangle was with Gen. John Hodge, U.S. commander in Korea, who wanted to compromise between the Communists and right-wing parties. Rhee refused, started a battle against the Communists from the start.**

More recently he has had differences with Gen. Van Fleet over martial law, over closing down the "Voice of America" by Rhee, and over taking ROK troops out of the front line to "stabilize" Korea during last summer's elections. Some of Rhee's political opponents were even arrested by him and thrown in jail when they opposed him in the constituent assembly.

In the final popular vote, however, Rhee was backed by the overwhelming majority of the South Korean people — 5,000,000 against 1,800,000 polled by his three opponents.

**Rhee has been criticised because there is graft and inefficiency around him. But unlike Shiang Kai-shek he has moved to clean it up. And unlike Chiang Kai-shek, Rhee has been poor all his life, and is still poor. He has fired a total of 30 cabinet officers in an effort to attain more efficiency in government in a country which has not governed itself for more than half a century.**

☆ ☆ ☆

**TORTURED RHEE**

But the thing to remember about Rhee is that, though he is wilful and stubborn, he has never ceased fighting for the best interests of his country. He has been rebuffed. He has been disheartened. He has been beaten with bamboo rods every day for seven months. He has had oiled paper wrapped round his wrists and then set on fire. He has had his fingers so horribly mashed that even today he blows on them to keep them warm. He has had to wear a 20-pound wooden cangue around his neck and sit with his feet and hands locked in stocks.

**But through it all he has not wavered from the goal of Korean independence.**

This is the man who will sit down with Gen. Eisenhower in Korea as the representative of a valiant though divided people, a man who is certain to demand the complete purge of Communism from his country before he stops fighting.

YANKS IN BRITAIN

## Both GI's And British Civilians Forced To Make Adjustments

**Editor's note: What happens when hundreds of American servicemen move into a small English community? This third in a series of articles on anti-American feeling in Britain shows the difficulties Americans encounter.**

☆ ☆ ☆

By ROBERT A. WIENER

LONDON — American servicemen and their families are "settling" by the thousands in British communities, but the process isn't easy.

Take the case of Sgt. and Mrs. Ransom H. Jenks Jr., of Williamstown, Mass. They were married only last June and now live in Cambridge. He is an assistant supply sergeant at the nearby Mildenhall Air Base.

"One day," said Mrs. Jenks, "I priced a small piece of green moss in a shop and was told it was only sixpence (7 cents).

"A few days later when I went to buy it they charged me two shillings and sixpence (35 cents). I was also charged nearly double the price for some tomatoes I bought."

**Sgt. Jenks, who accompanied his wife on the shopping trip, said he didn't protest because he didn't want to create a scene.**

The couple also said Cambridge taxi drivers overcharge if they think they can get away with it. But taxi driver Ray Nightingale of Cambridge said the GI's sometimes try to get by without paying their fare. He said:

"I've chased more than one GI around the Mildenhall Air Base trying to collect the fare. They ought to make them pay the fare at the base gate."

Police Sgt. Thomas Rigglesworth, in charge of law enforcement in the small towns of Mildenhall and Lakenheath in East Anglia, commented:

"There's no anti-American feeling here at all. Occasionally a few Yanks will have too much to drink and we have to call the air police, but that doesn't create anti-American feeling in the town."

☆ ☆ ☆

One of the big causes of friction between American servicemen and Britons is money. On pay days the free-spending GI's flock to towns near their bases. After a week or so they begin appearing in diminishing numbers until the next pay day. In some towns this has had a considerable effect on local business.

**The British like to use the phrase "overnight millionaires" to describe American servicemen.**

The fact that married GI's can afford to pay more for housing than British civilians has caused resentment in many localities. Housing is still critical throughout Britain due to wartime bombing losses and tight restrictions on new building.

Often when it is a question of a Briton or an American renting a house the American wins because he can pay more.

Usually where a GI and a Briton live in comparable housing the serviceman is paying more—sometimes two or three times as much. There is no rent ceiling in Britain on furnished houses or apartments.

**American airmen in Britain draw between $6 million and $7 million a month in pay and allowances. This is more than welcome by the dollar-short British government. But it is the cause of resentment in many individual Britons whose wages are much lower than the GI's.**

Stanley C. Smith, owner of two small restaurants in the East Anglia town of Bury St. Edmunds, echoed this when he said:

"The trouble with the Yanks is that they feel we're all beggars. They think they can buy everything with money, including women, and rationed goods for which they have no coupons. I'd rather serve one English Tommy than ten Yanks."

☆ ☆ ☆

But not everybody in Bury St. Edmunds holds the same view. The Rev. V. H. Doornkamp, pastor of the Baptist chapel who spent the war years in Holland, said there is no anti-American feeling among the "intelligent people" in the community.

**"We know and appreciate why the Americans are here," he said. "It's only a few who present any problem. I have many American servicemen and their wives who attend church regularly and they are well-liked by the townspeople."**

According to the Air Force, about 7,000 American servicemen have their wives in Britain. The great majority of the wives are American.

A town official at Warrington, near the big Burtonwood base in the Midlands, commented:

**"The American airman and his wife and child are now accepted at Warrington as part of the scene. If they departed there would be much sorrow."**

Many children of American servicemen are attending English schools. This generally leads to a greater mingling of the GI and his wife with the local population and creates better understanding between them.

In many instances there is no friction between GI's and civilians at all.

### Hot Potato Football

Lincoln, Neb.

To the editor of The Lincoln Star: A few days ago an article in the paper mentioned that the zoning board and council had a "hot potato" in the recent request for zoning of Adams at 58th for business. It was stated that this was opposed by the Board of Education—but that maybe the school board didn't know what was good for the city and school.

Was it known that about 60 home-owners in the vicinity were also opposed to the zoning request? And we are all watching with a great deal of interest how those in position to wield influence on the zoning board will arrange to get their unwanted hot potato kicked for a goal.

The big decision really is: "How can we satisfy the one who wields the power and yet not displease the northeast part of Lincoln objecting to this zoning?"

Let's have a good turnout Thursday afternoon in protest against this request and also enjoy the excitement of seeing how this type of football is played!

### New O Street Viaduct

Lincoln, Neb.

To the editor of The Lincoln Star: There has been considerable publicity recently concerning the part the City of Lincoln and Lancaster County will play in financing and also assuming the potential damages involved in the construction of a new O Street viaduct.

A one and a half million investment doesn't sound like much nowadays when our trusted federal servants talk about billions. However, it is well and good to be certain as to who is going to write the check.

I question very seriously whether extending the viaduct to 9th and O would handle the traffic as well. At the present time the heavy trucking traffic in the wholesale district enters and leave the viaduct at 8th and O and is not in the line of traffic when it reaches the busy intersection at 9th and O. Extending the viaduct to 9th and O would require this traffic to go to this intersection in order to enter or leave the viaduct and this would add to the already busy traffic on north and south 9th. Another advantage that the present setup has is that the ordinary traffic, after leaving the viaduct at 9th and O, has a block from 8th to 9th in which to get into the proper lane when arriving at 9th and O. Crossing lanes or passing would not be permitted on a viaduct and the driver who found himself in the wrong lane would have a problem when he reached 9th and O where he would land in the busy section of the city.

I don't think it practical and I believe it would be extremely hazardous to have the outlet and entrance to the viaduct at 9th and O which is now a busy retail section of the city.

Let us not be too anxious to grab that federal subsidy for a new viaduct at this time; it may prove to be quite expensive in the end.

### Flying Saucers

Lincoln, Neb.

To the editor of The Lincoln Star: I call the following, "No Democrat Could Guess":

I'm sure that flying saucers now
Will cease to cause affright,
And keep us wondering, by heck,
Disturbing sleep at night.
Somehow I had a hunch that they
Were on some mission bent;
That they bespoke the coming of
A most profound event.

It always seemed to me quite clear
Grim nature took a hand
And warned us of some fateful turn
We could not understand.
I've tried to blot it from my mind
But hunches still would stick
And in due time they'd prove themselves
And never miss a lick.

But who would think that saucers would
About election time
Appear and in their mystic way
Become a warning sign?
It's strange no Democrat could guess,
Their minds could not devour
The thought that close at hand we'd see
In saucers—Eisenhower!

### Quiet, Please!

Lincoln, Neb.

To the editor of The Lincoln Star: I wonder if visitors ever think about the kind of shoes they wear or how they walk in a hospital. If they don't have silent shoes, they could take off their shoes and go stocking-footed. That clip-clap in the halls when patients are sick is terrible, and those who are ill need it quiet.

The doctors and wonderful nurses are taking the best of care of the sick, and it is the visitors' place to think a little more. If they are told they cannot go into a room to visit, they shouldn't be angry because there is a reason for the request. There are always some in a ward who are sicker than others and anyone having visitors at times other than visiting hours should be in a private room.

I was in the hospital myself and am speaking from experience. One never hears the nurses walk. Can't visitors, too, be silent?

### Character Hospitals

Lincoln, Neb.

To the editor of The Lincoln Star: How many of us remember that Francis Bacon was charged with bribery at the height of his popularity, confessed his guilt and was fined 40,000 pounds and sentenced to prison "during the king's pleasure." He spent but two days in prison when the king pardoned him and the fine was remitted. Bacon insisted that the large sums of money he had accepted from persons in whose cases he as Lord Chancellor must sit in judgment had never influenced his judicial decisions, and it is a fact that none of these decisions were ever reversed; nevertheless he was deeply disgraced and barred from ever again holding public office or sitting in parliament. I mention this fact merely to prove that men who commit crimes are not all bad.

Students of the modern sciences today know that criminals are not generally to blame for their crimes. Heredity and environment make all of us what we are in character and disposition. Circumstances also have a great influence. Many of us keep out of jail only because we are never tempted. There has been commendable improvement in prison reform, but there is yet vast room for further work in this direction.

Instead of penal institutions, prisons should become institutions of correction—"character hospitals" for the cure and repair of warped and twisted characters. The quarters of the inmates, of course, should be clean and sanitary; food simple but healthful and adequate; each individual should have light daily employment according to ability and choice; and proper recreation should be provided. There should be lectures by competent teachers especially trained in subjects of practical ethics and morals. An atmosphere of humane sympathy and kindness should prevail. Such a program could not fail in redeeming many an unfortunate derelict.

### Federal Reserve Banks

Kirkwood, Mo.

To the editor of The Lincoln Star: I am enclosing a leaflet under the heading, "What The Federal Reserve Banks Have Accomplished." The voters should all know that any law giving to an individual or group an advantage over others is unjust and detrimental to the general welfare.

JOHN L. TALBOTT

*Editor's note: Enclosure contained material previously carried in The Star's letter columns of Nov. 25 and Nov. 29, and seems to be part of the general criticism now directed against the Federal Reserve system.*

### A Jumbled Affair

Lincoln, Neb.

To the editor of The Lincoln Star: An article in The Star discusses a change in the old age assistance program by legislative action to give the state complete control. Anyone who studies this subject will agree that something should be done to put the program on a businesslike basis. Rather than a division of authority as it is now, I think the whole setup should be taken over by the federal government, doing away with much of the current expense. There is no good reason why a social worker should be paid for time and mileage to go out and change a grant a few cents each month—no reason why, when rents go up, that the client shouldn't get the raise, rather than taking it out of his grant for other living expenses—no reason why a worker should tell a client that his reserve allowed is only $300 when the 1951 legislature raised it to $500.

All in all, the whole matter needs a thorough overhauling. Some counties are following orders and some are not, and so it's a jumbled up affair.

### Our Neighbors

Lincoln, Neb.

To the editor of The Lincoln Star: The series, "A Community Is Many Things," now appearing in the Sunday paper is both interesting and certainly gives a picture of our neighbors.

Why not incorporate this series on its completion into one volume? I'm sure a newcomer into Nebraska or a town-to-town mover would appreciate a little inside light on the place he is to call home. Here's to a future "Inside Nebraska" book written by Nebraskans.

### Mural Suggestion

Beatrice, Neb.

To the editor of The Lincoln Star: In the Sunday paper's portrait of Beatrice, there was an airplane bird's-eye view of our town under the caption, "The Winding Blue Weaves Through Beatrice." We have been looking for a similar photograph for the purpose of making a photographic mural.

# Highway Budget Based On Need, Not Income, Aitken Urges

By ARCH DONOVAN
Star Staff Writer

Highway department budgets based on the highway need in the state instead of budgets based on the amount of anticipated income was suggested to Gov.-elect Robert Crosby at department budget hearings held by Tax Commissioner Philip Johnson, Wednesday.

"I believe that budget hearings should reflect all the needs of state government, not just those supported by property taxes," Harold Aitken, state engineer, said.

He pointed out that in other departments if more revenue is needed taxes are increased to meet the state needs.

"The department has prepared three budgets showing how those intolerable road conditions determined in 1948 and still existing could be corrected in 20, 15 and 10 years," he continued. "These figures show that if the 1949 revenue measures were re-enacted in 1953, the estimated additional income would not be sufficient to correct all the intolerable conditions existing in 1948 by the end of 20 years."

He estimated that the cost of maintenance in 1952 will be about $9,000,000. Before the statr of the year, he said, the estimate was $7,500,000. Unusual breakups of surfacing he blamed for the increased cost.

Under present condiions, he estimated the state would get $37,240,000 for the next biennium as compared with $47,197,886 during the past two years. Increasing cost of maintenance, he explained, reduces the amount of state money that can be matched with federal funds for new construction. Maintenance is paid entirely from state funds.

For the state safety patrol, it was suggested that 61 additional men would be needed if all of the added duties that have been prescribed by the legislature are carried out. This would raise the total to 180.

Col. C. J. Sanders pointed out that the patrol will be expected to operate the 12 new truck weighing stations, examine drivers for licenses and inspect school buses in addition to patroling the highways for safety.

Sanders said that during the past year on the average patrolmen worked 200 hours overtime in addition to the normal 10 hour day. He pointed out that in towns where only one patrolman is stationed they are actually on duty 24 hours in case an accident occurs.

The cost per man for the additional 61, he said would be $13,206 for the 21 months of the biennium they could be placed on duty. This would include training, equipment, cars with short wave radios and expenses.

The three months lag from the full two years, he explained, was due to time for screening applicants, training and equipping the new patrolmen.

The suggested budget of $2,727,637 compared with $1,729,420 at present. It would place two men in the 18 towns where at present there is only one, reopen six towns formerly patrolled and eight new locations.

The miles of rural highway to be patrolled in the state now averages 1,162 per officer, the highest in all midwest states except Kansas. Nebraska accident costs were $32,395,000 or $377,000 per officer, the highest in the area except Kansas.

With the exception of Kansas with 102 patrolmen, Nebraska's 119 is the only one in the area with less than 208 to 281.

Owen Boyles of the motor vehicle division explained that his budget could be reduced by issuing only one license plate to each car, as is done in some states. The bill for plates this year was $149,000.

## November Traffic Mishaps Here Total 450, But No Deaths

Although the number of traffic accidents reported in Lincoln during November increased to 450 as compared to last year's 391, there were no traffic deaths recorded for the month. One death was reported for November, 1951.

Traffic Captain Clinton Hurd said November's accident total was the highest recorded for the month since 1947. The greatest total on record was for December of last year, during which 665 traffic accidents were reported.

November's traffic accidents resulted in injuries to 30 persons—equally divided between the sexes. Usually more men are injured than women in any one month, Capt. Hurd said.

Twelve of the injured were children and 12 pedestrians were injured in 11 accidents. The others involved two bicycle-type, one train-car, one car-telephone pole, one car-tree, six parked cars, and one motorcycle.

# Index Of Farm Prices Lowest Since 1950

## Meat Price Leads Slump

Following a 2 per cent decline in the last month, the index of average prices received by farmers in Nebraska stands at the lowest level since 1950.

In the month ending Nov. 15 the index stood at 295 per cent of the 1909-14 base period which was six points below the previous month.

The meat animals index registered another rather sharp decline to hit the lowest level since April, 1950. On Nov. 15 it stood at 329 or 25 per cent below the record high of February, 1951.

Hogs were down $1.90 at an average $16.60, beef cattle off 10 cents at $24.50, sheep off $1 at $5.70, land lambs down $1.50 at $21.50. Calves were up 10 cents at $25.10.

The cattle average was $6.70 per hundredweight below Nov. 15, 1951, and the calf average was down $7.90.

**Wheat Mark Up**

But wheat registered an eight cent gain over Oct. 15 of this year for an average of $2.17 per bushel. Corn, however, was down five cents at $1.43. Oats were up a cent, barley unchanged and rye up six cents. The averages were 83 cents for oats, $1.30 for barley and $1.63 for rye.

The all baled hay price shot up 70 cents to reach $25.70 per ton, a record high. Alfalfa at $27.30 and wild hay at $24 also were at record highs.

The dairy products index went down four points from the revised 301 level of Oct. 15. Butterfat was off two cents a pound.

## Liberal Education In World Affairs Extended To 4-Hers

CHICAGO (Lincoln Star Special)—The 29-member delegation of Nebraska 4-Hers to the National Club Congress here is getting a liberal education in international affairs.

Representatives from 38 foreign countries are among the total of more than 1,200 boys and girls attending this annual Windy City affair. Many are from Europe, visiting this country under the auspices of the International Farm Youth Exchange program and there is a liberal sprinkling of boys and girls from South American countries. Hawaii and Puerto Rico also are represented.

The Cornhusker 4-Hers have opportunities to participate in discussion groups and talk about world affairs with youths of their own age. The problems connected with peace in Korea promises to get a thorough going over following the suggestion by a leader.

**Keep Busy Schedule**

The busy schedule set up by the committee planning the Congress keeps the youths occupied from about 6:30 in the morning to 10 o'clock at night. A typical day includes a big breakfast furnished by a commercial organization which sponsored their expense-paid trip, inspirational speeches, discussion groups, tours of Chicago, a luncheon and dinner, also sponsored by a commercial organization.

One morning the 4-Hers were treated to a breakfast of an 8-inch-long potato, chipped beef, a sweet roll, a giant glass of orange juice and a large glass of milk. Other meals are served also in banquet style.

The 4-Hers took a tour of the Windy City. One of the highlights, according to most of the boys and girls, was viewing the Museum of Science and Industry.

Although they're tired at the end of a big day at the Congress, the youths appear eager to see and hear more on the following day. The Congress extends through Friday.

## Fairbury Chamber Has 5 New Board Members

FAIRBURY, Neb. — (Lincoln Star Special) — Five new board members were elected by the Fairbury Chamber of Commerce. They are Ivan Riley, Jack Barber, Jack Shipman, Bob Denney and Irl Else. ## Minden School Merger Public Hearing Scheduled

MINDEN, Neb. (INS)—A public meeting will be held in the Minden High School Auditorium next Tuesday to discuss a merger of the Minden school district with surrounding rural districts.

Miss Golda Canaday, county superintendent, said if adopted, the reorganization plan, drawn up by a county reorganization committee, would affect 21 rural districts and parts of two others.

## Buffett Ready For His Return To Private Life

WASHINGTON (INS) — Rep. Howard Buffett (R-Neb) stepping out after four terms in Congress, said Wednesday he will return to private business in January but that his "interest in public affairs will continue undiminished."

The Omaha investment broker, who decided not to seek another term in the House, will be replaced by Republican Roman I. Hruska who defeated Democrat James A. Hart of Omaha in the November election.

Buffett said it would be "deeply refreshing to again be in the wholesome atmosphere of the Middle West."

In a bit of parting advice to his fellow congressmen, Buffett said each member has a duty to vote his best judgment on legislation but added that he also has a duty to his party "because only through our party system can we have responsible government."

Buffett cited his own record in the 82nd Congress during which he said he was one of only two Republicans with a 100 per cent record of party loyalty.

He said his own constructive "plan" for better government could be summarized in a single sentence: "There is no way of securing God's blessing but by obedience to his laws."

"Imbued with that belief," Buffett said, "I see little merit in schemes that try to change the operation of natural laws."

## Doane Associates Group Will Help Support College

CRETE, Neb. — (Lincoln Star Special)—A new local organization, the Doane College Associates, has recently come into being sponsored by the Crete Chamber of Commerce. The membership is made up of Crete businessmen and their families interested in helping support the Crete school.

Charter members in the organization now total over one hundred persons. Doane Associates contribute $25 or more each year and are given the privilege of attending all sports events on the campus without charge as well as dramatics, debates, concerts and other college affairs. Free use of Whitin library is also granted members.

**Banquet Held**

The first annual banquet of the group was held in the Frees Hall dining room. Entertainment was furnished by groups of students with Aubrey Givens, Doane athletic director, acting as master of ceremonies. The Doane dance band, directed by Eugene Stoll, provided background music.

## Yeutter Given Top Block And Bridle Award

Clayton Yeutter of Eustis, a 1952 graduate of the University of Nebraska College of Agriculture, has been named the outstanding Block and Bridle Club member in the country.

Announcement of his selection as winner of this year's National Block and Bridle Club merit trophy award was made in Chicago at the convention of the national honorary animal husbandry organization.

C. Yeutter

Yeutter was selected from candidates nominated by the 30 colleges and universities which have chapters of the club. He is the fourth University of Nebraska student to receive the award in the last five years.

Yeutter climaxed an impressive record at the University by graduating last June at the top of his College of Agriculture class scholastically. He received his degree "with high distinction."

As an undergraduate he served as chancellor of Alpha Zeta, national agricultural honorary society, and was a member of livestock and wool judging teams which placed high in national competition.

He used 4-H livestock earnings to develop an Angus herd of 62 cows which paid for his entire college education in addition to giving him a good basis on which to begin farming.

## State Briefs: Crockett Takes Post In Pakistan

**HASTINGS** — William Crockett, formerly of Hastings, has resigned his post as administrative officer of a foreign aid mission to Lebanon to become administrative officer for the American embassy at Karachi, Pakistan. Prior to working with the foreign aid mission, Crockett served with the Army Ordnance Department in Washington. His wife is the former Verla Koelling of Hastings.

**SYRACUSE** — Royal Farmer of Syracuse suffered minor injuries in a car-truck crash south of here on Highway 50. Farmer's car and a poultry truck driven by Charles Cawley of Tecumseh sideswiped when they met in a narrow spot, caused by snowbanks on each side of the road, according to a report of investigating officers.

**ALBION**—Rev. Richard Dinsdale of the Albion Methodist Church is attending a spiritual life mission in Washington, D. C. He is the Columbus district director of evangelism.

# Report Shows Flood Damage Heavy In Mid-State

## 'Worst Year' Figure Hit $1,668,426

GRAND ISLAND, Neb. (AP)—Heavy flood damage in the Nebraska Mid-State Reclamation District area during the years 1947-51 inclusive is shown in a report made to Col. Hubert S. Miller, district engineer for the U. S. Army Engineers, Omaha.

The report was made by John K. McKinney, secretary of the reclamation district.

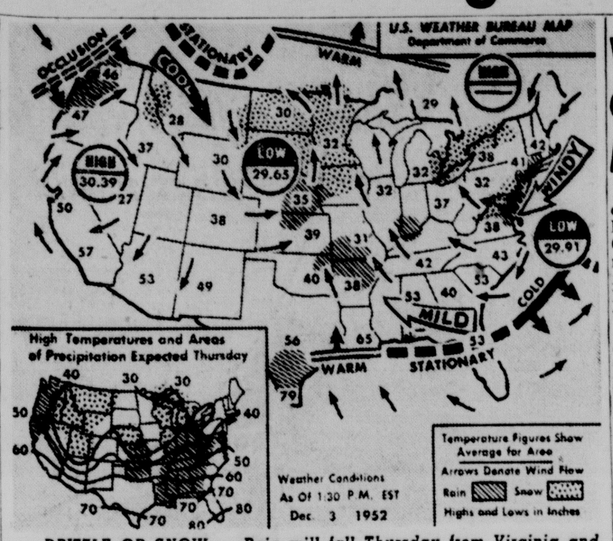
It showed that, taking the worst flood year of the five-year period in each instance, the flood damage in the three-county area of Buffalo, Hall and Merrick Counties amounted to $1,668,426.

**McKinney pointed out in his report that while the figures covered the "worst flood year" in each locality, lesser damage in other years would increase the total over the period. Nor do the figures include damage to city property, highways, bridges, or railroad installations.**

"Under such circumstances," he wrote, "your study might possibly result in an estimate of annual flood damages in our area of over $500,000 and, when considered over a 50-year period, would give a ratio of 2½ or 3 to 1 for benefits over the contributions by the federal government we suggested in 1949."

Of the total for "worst year" flood damage, McKinney said Buffalo County suffered $225,065 in losses, Hall County $430,508, and Merrick County $1,012,853.

Dividing the figures another way, the report showed the damage by streams as follows: Platte River $92,286; Wood River $360,944; Prairie Creek $431,388; Silver Creek $571,248; Warm Slough $112,144.



*DRIZZLE OR SNOW — Rain will fall Thursday from Virginia and Kentucky southward to the Gulf of Mexico and along the coast of the northwest Pacific states while a mixture of rain, snow and sleet is expected from the upper Lakes region to the central Mississippi valley. Snow flurries are forecast for the northern Rockies and drizzle or snow is expected in the central Plains. It will continue cold in the northeast. The Gulf states will be warmer. ## Majority Of New State Solons Favor Hike In Highway Funds

NORTH PLATTE, Neb. (AP) — Most of the 11 new senators elected to the Legislature last month are ready to act "quickly and favorably on increased highway revenue legislation" Chairman Cliff Sandahl of the Nebraska Editors Highway Conference said Wednesday.

Sandahl, who is editor of the North Platte Telegraph-Bulletin, lists these new senators as saying "yes" flatly to the proposal for urgent need of immediate and long range financing: Tom Dooley, Papillion, third district; Joseph D. Martin, Grand Island, 30th; J. Monroe Bixler, Harrison, 41st; Terry Carpenter, Scottsbluff, 42nd; A. A. Fenske, Sunol, 43rd. Several added comments to their flat approval.

Among others:

Howard L. Britt, Lincoln, 19th, favors an adequate ton-mile levy on heavier trucks, but opposes increased gas taxes and car license fees "at this time."

Dr. William A. McHenry, Nelson, 32nd, says needed highway improvement will cost more funds "and I think the Legislature should do that."

Tom Coffey, Alma, 33rd says the highway problem is larger than finance alone and he wants the entire problem taken up "and not just one section."

John Zaufenkamp, Julian, 2nd, said he's particularly interested in a good long range building program, "but in the meantime we have emergency situations as to certain roads."

## 300 To Participate In 1st Choir Clinic At Peru College

PERU, Neb. (INS)—More than 300 vocalists from 15 high schools are enrolled for the first choir clinic at Peru State Teachers College, scheduled for Saturday.

The day-long program will include rehearsal and instruction sessions and a free concert in the evening at the campus auditorium.

Dr. Walter Imig, head of the music department at the University of Colorado, will serve as guest conductor for the clinic.

Schools enrolled include Auburn, Bellevue, Brock, Dawson, Elmwood, Falls City, Honey Creek, Nebraska City, Pawnee City, Peru, Plattsmouth, Salem, Stella, Weeping Water, all in Nebraska, and Hamburg, Ia.

## Woman Heads Ord Chamber For 1st Time

ORD, Neb. **(Lincoln Star Special)**—For the first time in the history of the Ord Chamber of Commerce, a woman has been named to head the group. Mrs. Aleen Papiernik, manager of a local variety store, will serve in that capacity for the coming year.

Chamber officials here are checking to determine if any other Chamber of Commerce has ever had a woman for president.

Mrs. Papiernik has served on the board of directors of the Ord Chamber for several years and has taken an active part in other civic activities. She is also a member of the Ord Hospital board of directors.

Other chamber officers are D. E. Troyer, vice president, and Emil Babka, Emil John, Bud Wilson, C. E. Rusmissell and Charles Wrightsman, members of the board of directors.

MRS. PAPIERNIK

## Mrs. Savidge Dies; Widow Of Minister

OMAHA (INS)—Funeral services will be held Thursday for Mrs. Anna B. Savidge, 93, widow of Rev. Charles W. Savidge, founder of the institution which eventually became the Florence Home for the Aged in Omaha.

Mrs. Savidge had been a resident of Omaha nearly 70 years and taught school here before her marriage in 1887.

Her husband, who died in 1935, founded the House of Good Hope in 1906. It later was incorporated as the Florence Home for the Aged.

Mrs. Savidge had lived her last years at the home.

She is survived by two sons and a daughter.

## Crete Council Tables Parking Meter Petition

CRETE, Neb. — **(Lincoln Star Special)**—Crete Mayor Fred Kerst said Wednesday that the city council here has tabled for future consideration a petition asking removal of parking meters.

Mayor Kerst told The Star that the petition carried more than 80 names. The principal objection to the meters, he said, seemed to come from persons who felt they hurt retail business.

He said the city has had parking meters only about five weeks. The petition was presented to the city council at its regular weekly meeting.

You may not need an outside aerial with a new Zenith!

Every new Zenith, even the smallest table model, has a *built-in* antenna. It's the Zenith "Picturemagnet," and it can save you a lot of rooftop acrobatics. No outside aerial is needed for satisfactory performance in many locations. (Good as a Zenith is *without* an outside aerial, it's even better with one.)

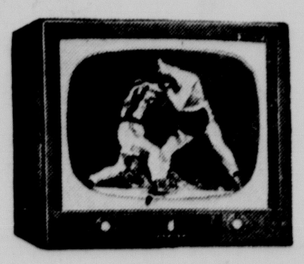
Zenith's "Picturemagnet" is pre-tuned, too, so no further adjustments are needed.

And you get all this besides!

- **20% brighter picture** with finer black and white contrasts on a Zenith Quality TV. Field tests against other leading TV sets in 17 difficult "fringe" areas prove it.
- **Pictures from 25% greater distance** were pulled in by Zenith Quality TV in the same field tests. (Zenith spent a million dollars to develop a chassis that gives you these advantages—the new Zenith K-53 chassis.)
- **You can tune a new Zenith blindfolded!** Zenith's one-knob "bull's eye" tuning is virtually automatic—like push-button radio. And the more stations that come on the air, the more you'll appreciate it.
- **Locks out interference** as it locks in the picture. Zenith's "Fringe Lock" keeps picture clear and steady. Reduces "snow" and electrical interference.
- **Spares your eyes from glare!** Zenith's picture tube is specially designed to eliminate glare and annoying room reflections.
- **Ready to receive the new UHF stations** in 15 minutes! Inexpensive UHF tuning strips are inserted right in your Zenith Turret Tuner. You don't have to buy a converter or add an adapter.

**New Zenith Tudor** — 17-inch screen. Compact modern table model. Cabinet covered in durable, mahogany-color Pyroxylin. (Slightly higher in blonde.) $199.95*

**New Zenith Stafford** — 17-inch screen. Handsome console. Genuine mahogany veneer finish over select hardwoods. Escutcheon to match. $279.95*



**New Zenith Grenville** — 21-in. screen. Big-picture table model with trim modern lines. Cabinet covered in mahogany-color Pyroxylin. (Slightly higher in blonde.) $269.95*

# McGranery Calls Tanker Deal Inquiry

WASHINGTON (AP)—Atty. Gen. McGranery disclosed late Wednesday that he has ordered a grand jury inquiry into the multimillion-dollar deals in surplus U. S. tankers after World War II.

A Senate subcommittee made a long investigation last winter of these deals.

It turned a spotlight on transactions involving numerous prominent persons, including former Democratic Congressman Joseph E. Casey of Massachusetts and one-time government "clean up man" Newbold Morris of New York City.

The committee said in a formal report that the deals involved profit-grabbing, tax avoidance and a network of international schemes designed to place U. S. ships in alien hands.

The Senate group said the evidence indicated that a group headed by Casey got 3¼ million dollars return on one deal in which they put only $101,000.

Morris was not in this group. The Senators figured, however, that Morris received about $30,000 of legal fees paid to his firm in connection with sales of tankers to Chinese interests.

# 'Russia Has 11 Divisions Near Japan'

TAIPEI (INS)—A top Chinese Nationalist official said in Taipei that an estimated 11 to 13 Soviet Russian divisions are now deployed north of Japan.

Gen. Chang Chun, who has just completed a three-month visit to Japan as Generalissimo Chiang Kai-shek's peace envoy, said the Red troops included parachute regiments in addition to infantry and artillery.

The former premier and Nationalist policy maker said the Soviet air force is now conducting daily reconnaissance flights over Japan.

Chang said Japan was rearming against her wish because of the growing Russian menace. He said Japanese women were unanimously against rearmament.

# Czech Reds Hang Eleven In 'Confess And Die' Purge

## Move Seen As Threat To Enslaved

VIENNA (INS) — Red Czechoslovakia hanged 11 former top Communist leaders in Pankrac Prison Wednesday in a swift "confess and die" purge that may set off a wave of similar executions behind the Iron Curtain.

Victims of the biggest Communist purge since the Moscow trials of Bolsheviks in the mid-Thirties included former Foreign Minister Vladimir Clementis and Rudolf Slansky, once the Kremlin's No. 1 man in Czechoslovakia and boss of its Communist Party.

With nine others, they had confessed to treason, espionage and sabotage during an eight-day trial which ended last Thursday.

**Warning**

Diplomatic informants said the purge is the Kremlin's answer to Gen. Eisenhower's election.

The East European experts said they are convinced the death sentences were designed to warn the enslaved populations behind the Iron Curtain to forget about Eisenhower's liberation call.

They declared it can be no coincidence that the Prague trial was held barely three weeks after the election in the United States, and that the President-elect and John Foster Dulles were linked to anti-government charges during the trial.

The informants noted that neither President Truman nor his secretary of state, Dean Acheson, was singled out for attack during the trial.

Red leaders also were pictured as being concerned over the growing "Eisenhower legend" behind the iron curtain, which has been helped along by his announced position on restoration of freedom to enslaved nations without resorting to war.

The sources said several trials will take place in the near future in Prague, for at least 40 former top Communists were "implicated" in the trial.

Radio Prague, announcing the executions, said they were carried out swiftly since none of the doomed men appealed for clemency.

Those put to death in Prague were besides Slansky and Clementis:

Bedrich Geminder, 41, former head of the party's foreign affairs committee.

Ludvik Frejka, former head of the economic department of the president's chancellery.

Joseph Frank, former deputy secretary-general of the party.

Bedrich Reicin, former deputy minister of national defense.

Karl Svab, former deputy minister for state security.

Rudolf Margolius, 39, former deputy foreign trade minister.

Otto Fischul, 50, former deputy finance minister.

Otto Sling, 40, former Communist party secretary at Brno.

Andre Simon, 57, former editor of the official Communist newspaper Rude Pravo.

### Minor Hurts Suffered In Crosswalk Accident

George C. Jensen of 3542 Garfield, was treated for minor injuries to his left foot and calf of his leg and released by the Lincoln Clinic following a car-pedestrian accident Wednesday afternoon at 21st and O.

Driver of the vehicle was George Reinhardt, 20, of 1201½ Virginia, who was going east on O. Jensen was crossing O Street at the east crosswalk.

### Attorney Questions Intoxication Test Constitutionality

The constitutionality of the urine analysis test to indicate the degree of an individual's intoxication was raised in a District Court trial this week.

According to the defendant's attorney, Richard Johnson, the case may be taken to the State Supreme Court to determine the legality of the urine test.

Johnson stated that the Supreme Court has never ruled on the constitutionality of the test—only on its admissibility as evidence.

Thure E. Peterson, 48, 446 So. 11th, is the defendant in the case. He was found guilty of a charge of drunken driving by District Judge John L. Polk Wednesday. Peterson was released on appearance bond pending motion for a new trial.

Peterson took a urine analysis test at the time of his arrest on Sept. 1, 1951. The test indicated that Peterson was intoxicated at the time.

### Man Hospitalized By Auto Accident On Havelock Ave.

Earl W. Gilliam of 4126 No. 73rd was hospitalized Wednesday after the car he was driving was involved in an accident with two parked cars on Havelock between 67th and 68th in the early morning.

A Veterans Administration Hospital spokesman said the 20-year-old Gilliam suffered a "chest injury and mouth injury, including broken teeth," but that the injuries were "not considered very serious."

Investigating officers said the vehicle driven by Gilliam apparently was going east on Havelock and collided with the rear end of a vehicle parked at the south curb, driving that vehicle into the rear end of a second parked vehicle.

Owners of the parked vehicles are John J. Jirousek and J. K. Jirousek, both of 6727 Havelock.

### $25,000 Damages Asked In District Court Case

Mrs. Caroline R. Merrill, 2917 So. 47th, filed an accident damage suit Wednesday in District Court asking $25,000 from Marion A. Schroeder.

Mrs. Merrill charges that the car driven by Schroeder collided with her auto on Aug. 16 at 7:42 a.m. at the intersection of 48th and South streets. As a result of the collision, Mrs. Merrill's petition alleges, she suffered deep cuts and lacerations on her head and face and a skull fracture.

### Dump Truck Operators Rate Hearing Is Held

Hearing was held Wednesday on the application of the Nebraska Dump Truck Operators association for an increase in tariff rates before the state railway commission. The applicants completed testimony and the hearing was adjourned until Thursday when opponents will be heard.

The operators seek an increase to 7 cents per ton for the first 25 miles and 6 cents per ton thereafter. Increased labor and operating costs are given as the reason for the request.

Changes are also proposed for hourly rentals. Highway builders and general contractors are expected to oppose the increase asked.

# Controls Order To Be Left For Ike

WASHINGTON (INS)—Defense Mobilizer Fowler declared Wednesday that price, wage and scarce materials controls should stay on for the present and that the decision on ending them should be left to the Eisenhower administration.

Fowler, who intends to resign Dec. 31, indicated at a news conference that this is the definite decision on the outgoing Truman regime.

He said it would be "both premature and dangerous" to adopt a plan for ending controls on civilian use of steel by April 1, as proposed by the industry advisory committee of the National Production Authority.

Fowler said another allotment of steel for civilian use probably will be made for the first three months of 1953. He declared that very generous allocations for civilian consumption may be granted for the second quarter of the new year.

The Defense Mobilizer said that both good management and uncertainties over the international situation require that decisions on the whole controls set-up should be left to President-elect Eisenhower and his advisers.

He said this policy, so far as allocations are concerned, "will retain for the new President the power to manage the machinery long established for directing the defense production effort . . ."

Fowler opposed removal of price and wage controls now, and said it is too early to decide whether they should be continued beyond the April 30 expiration date.

## Dr. Neligh Named Medical Director Woodmen Group

OMAHA—New medical director of the Supreme Forest Woodmen Circle is Dr. Rosalie Breuer Neligh, a University of Nebraska College of Medicine graduate.

Dr. Neligh interned at University Hospital, Ann Arbor, Mich., where she later was resident physician and instructor. She has also taught at Clarkson Hospital and the University of Colorado.

She is married to Dr. Gordon L. Neligh. They have two children.

## Lineman Narrowly Escapes Serious Injury In Plunge

OMAHA (AP)—Luck rode with lineman Harvey Blair of Louisville as he worked with an Omaha Public Power district crew stringing farm lines near Weeping Water Wednesday.

Just as Blair prepared to climb a pole the pole snapped, tumbling to the ground, wires and all. Blair jumped aside but one of the wires brushed him, causing slight burns on his hands and legs.

After being treated by a doctor he went to his home but an OPPD spokesman said he'll be back on the job Thursday.

The OPPD crew was stringing a 13,200 volt line underneath the Consumers Public Power District's 69,000 volt line, using the same poles when the accident occurred.

# West Germans Warned Against 'Terrible War'

BONN (INS)—Chancellor Konrad Adenauer opened a three-day ratification debate Wednesday with the warning that unless West Germany approves peace and defense treaties with the West it will be engulfed by Russia in a "terrible war."

Adenauer said a defenseless Germany invites Soviet aggression and a conflict that "would eliminate the German people" and make their republic a Russian satellite.

He spoke to the Bundestag (lower house) shortly after 80 Communists demonstrating against ratification clashed with Parliamentary guards as they tried to break onto the floor.

The demonstration was believed to be only the prelude to similar Communist action during the debate which is expected to consume 30 hours and feature 50 speakers.

**Peace Contract**

The Socialists, with 130 deputies, are the major opponents of the "peace contract" with the United States, Britain and France, and the six-nation European defense community treaty. The pacts are designed to bring rearmed, virtually sovereign Germany into western Europe's defense family.

The Christian Democrats, led by Adenauer, and the allied Christian Social Union have 145 votes, the free Democratic party, 50, the German party 25, the Federal Union 21, the Communists 14, and Independents 16.

Adenauer told the momentous session—it was the 204th since birth of the republic—that quick ratification will "bring peace to Germany and Europe, together with a steady improvement in political, economic and social conditions."

Rejection of the pacts, he said, will "again dip Germany's gradually clearing future into darkness . . . kill germinating European integration and render the Soviets the greatest possible service."

## New Discovery May Become TB Scourge

DENVER (INS)—Rocky Mountain mold that makes tomatoes rot may become a new-and-powerful weapon, the scourge of tuberculosis.

Two young Denver scientists said Wednesday that an extract of the fungus has stunned and even killed TB germs in test tube experiments.

In an exclusive interview, Drs. John W. Berry and Howard D. Olson of the Colorado University medical school said the new drug apparently packs a punch approaching that of streptomycin, one of the greatest TB fighters.

**Antibiotic Produced**

In Colorado soil—its natural home — the "fusarium bostrycoibes" mold attacks tomatoes and other fruit crops. But in the test tube, it produces an antibiotic—the class of "wonder drugs" that includes streptomycin, perramycin and penicillin.

The new antibiotic, bostrycoidin, apparently starves TB germs to death by poisoning their food supply inside the body, the scientists said.

It also attacks two other kinds of germs — staphylococcus and streptococcus — that may cause everything from food poisoning to rheumatic fever.

## 60 Of 200 Autos Are Taken Off Sunken Barge

EVANSVILLE, Ind. (INS) — Workers began salvage operations Wednesday on a barge which sank in the Ohio River south of Evansville while loaded with 200 Chrysler automobiles worth an estimated $400,000.

A low river level enabled workers to remove 60 cars from the top three decks, which remained above water.

The autos were transferred to another barge. It is expected to be several days before the sunken barge is raised.

Only last month, salvage workers retrieved 150 Chrysler cars from the river near Golconda, Ill., where another barge sank.

Manager Carnet C. Points of the Commercial Barge Co., which operated both barges that sank, said an investigation is being started to determine cause of the sinkings.

## Second Exploratory Flight Over Arctic Slated By Swedes

LOS ANGELES (INS) — The DC-6B transport Hjalmar Viking of the Scandinavian Airline System will take off from Los Angeles International Airport Friday on its second exploratory Arctic flight seeking to establish a polar route for passenger travel from Los Angeles to Europe.

The aircraft will be staffed by a crew of nine, four supplementary members, eight SAS technicians and four American experts. The latter will include Arthur D. Belmont, University of California meteorologist; Douglas Hembrough, Bendix Aviation Corp.; Capt. James F. A. O'Shea, Air Force navigator, and Harry E. Wackter, Pratt & Whitney Aircraft Corp.

The flight will follow the course of the recent initial exploratory hop by way of Edmonton, Alberta, Canada and Thule Air Force Base, Greenland, to Oslo and Stockholm.

## CIO Delegates Press For Irish Plebiscite

ATLANTIC CITY, N. J. (INS) —A resolution calling upon the U. S. Government to help bring about a free plebiscite on unification of Ireland was adopted Wednesday by delegates to the 14th annual CIO convention.

The proposal, sponsored by Transport Workers' Union Chief Michael Quill, was approved by a voice vote after an impassioned appeal by Philip O'Rourke of San Francisco, vice president of the American Radio Association.

# Officials-For-A-Day Say Changes Needed

More than 240 Lancaster County high school juniors took over the courthouse Wednesday and decided at the end of the day that they had learned a great deal—but some changes could be made.

The students, who had filed, campaigned, and were elected to county offices in their respective high schools, learned the operations and duties of county officials.

Wednesday's events began with registration, a tour of the courthouse, and a general assembly.

During the general assembly, the office-holders for a day saw an actual arraignment conducted by County Judge Herbert A. Ronin.

The American Legion Post No. 3 were hosts at a luncheon for the students and regular county officials at the Lincoln Hotel.

Chief Justice Robert G. Simmons of the State Supreme Court told the group that the government this country would have in 25 or 50 years would be a result of the actions of students today.

Comparing American schools to schools in six Far East countries, Judge Simmons said, "We have education as a matter of right, to these people, education is a dreamed-of privilege."

"American progress is a direct result of America and American government. We must not come to the place where Burma is now—with no one trained to run their government. This program is an effort to make certain that that will never happen in Nebraska and the United States," the Chief Justice said.

During the afternoon, the students learned the operation of the offices they had been elected to hold.

The 36 elected county commissioners held a hot discussion on the proposed construction of the O Street viaduct. Students from Lincoln high schools were in favor of the proposed construction. However, rural high school "commissioners" felt the money could be better spent on rural road construction and improvement.

Student sheriffs took one look at the County Jail and decided a new building was needed.

"They decided that without any coaching, too," Chief Deputy L. C. Hasson, who had charge of the student sheriffs, said.

Each group of officials elected a representative to present a summary of their activities at the afternoon general assembly.

*ALL IN A DAY'S WORK—County judges, participants in County Government Day for high school juniors Wednesday, took time out to go through a mock marriage license application procedure. Bonna Tebo of Roca types out names and ages under the direction of one of the regular County Court secretaries, Mrs. Virginia Loomis. Jim Thom of Teachers College High School is the reluctant bridegroom and Margaret Sterkel of Central Rural High School acts the bride's role.*

## 386 Casualties In Korea During Week

WASHINGTON (INS) — The Pentagon Wednesday reported a week's increase of 386 American casualties in Korea, bringing the total since the war started more than 29 months ago to 127,383.

## Workings Of Heart, Mental Wards Will Get First Telecast

DENVER (INS)—The wards of a mental hospital, the inside of a beating human heart, and the deadly growth of a single cancer cell will be televised Thursday night for the first time in history.

Cameras will be wheeled into "Ward X" of the Colorado Psychopathic Hospital to focus on a patient just beginning to fight his way back from insanity — by beating a punching bag.

The pioneering "march of medicine" program will include interviews with convalescent mental patients and a demonstration of a catheter tube being pushed into a patient's heart for special diagnostic tests.

Thursday night's telecast, scheduled for 8 p.m. (MST) on a coast to coast NBC network, is the second of two programs from the American Medical Association's clinical session in Denver.

It follows another TV "first"—the birth of a baby boy before television cameras Tuesday night in Denver's Colorado General Hospital.

On Thursday night's program Dr. Claude Beck of Cleveland, one of the nation's greatest cardiac surgeons, will explain films showing the inside of a human heart during a delicate operation that gives it a new blood supply.

# Lutheran Youth Program Emphasized

With discussions emphasizing the youth program, the Central District of the American Lutheran Church wound up activities of its two-day meeting of standing committees Wednesday afternoon.

Bob Vogel of Wartburg College in Waverly, Ia., presided at the Youth Committee meeting which included discussion of plans for the leadership training school at Hastings Aug. 3 to 8. Dr. E. G. Fritchell, president of Central District, said that about 200 are expected at the school this year; 150 attended last year.

The school, which two members of each church are selected to attend, is an opportunity for enlisting young persons in part time or full time church work, he added.

**Institute Planned**

Plans also were discussed for the Bible Institute at Estes Park in August.

In addition to regular topics, the representatives from seven states discussed the proposed merger of the American Lutheran, the Evangelical Lutheran and the United Evangelical Lutheran Churches. Dr. Fritchell, who is from Denver, pointed out that when the merger is completed within the next few years, the body will include about one and one half million members.

Meanwhile, the Student Aid Committee made scholarship plans for the 40 students from the Central District who are preparing for the ministry. The Rev. John H. Reents of Adams is chairman.

## $70,000 Mortgage Filed On Town, Country Motel

Mr. and Mrs. C. Marvin Roberts, owners of the Town and Country Motel located at 3245 Adams, mortgaged their property for $70,000, according to records filed Wednesday in the Register of Deeds office.

Holders of the mortgage are M. E. Isaacson and I. W. Eberhart.

Payments will be $742.70 per month until Dec. 1, 1962. The legal description of the mortgaged property is an irregular tract in the northwest quarter of section 18, township 10 north, range seven east.

## City Zoning Board To Hear Six Applications

Six applications will be heard Thursday afternoon at 2:30 by the City Zoning Board. They are:

O. K. Rumbel purchased an undivided one-sixth interest in the Grand Hotel, 301 No. 12th, for $2,000 and then sold the interest in turn to the minor children of the original owner.

According to records filed in the Register of Deeds office, Rumbel purchased the interest from the estate of James T. Anderson for $2,000.

He then sold the interest to Willie Louis Bates, guardian of Anderson's four minor children. The price was $2,000. The children and their guardian live in Kaufman County, Texas.

## Funeral Services For Mrs. Gregg To Be Held Thursday

Funeral services for Mrs. Emily M. Gregg, 86, 2102 No. Cotner, a resident of Lincoln most of her life, will be held at 3:30 p.m. Thursday at Roper & Sons chapel.

Officiating will be the Rev. Marvin Franklin and the Rev. Samuel Beechner with Maryalice Macy at the organ. Burial will be at Wyuka.

Mrs. Gregg, who died here Tuesday, was a member of St. Paul Methodist Church, Chapter K of PEO, American War Mothers, and the American Legion Auxiliary.

Surviving are two nieces, Mrs. Ethel Maltman of Baltimore and Mrs. Martha Maltman of Chicago.

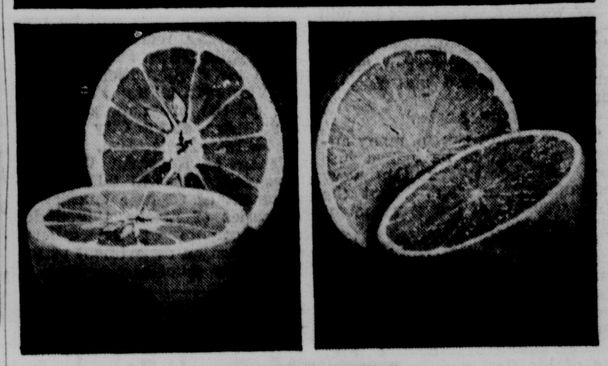
**IF you had YOUR choice of Oranges for Juice -which would YOU pick?**



By MARY MANNING

We believe you'd pick the orange on the right, because this is a "Valencia," and Valencias are the *sweetest juice oranges grown in America.*

Mary Manning

We use only these wonderful Valencia oranges for making Fairmont Frozen-Fresh Orange Juice. That's why it always tastes so good. Most other producers of frozen juice blend the juice of Valencias with the juice of ordinary oranges. This gives them more profit and makes the Valencia juice "go further."

**YOU MUST COMPARE**

Prove the difference. Compare Fairmont Frozen Orange Juice with any other. You'll be surprised to find how much sweeter, how much more delicious Fairmont juice really is. Fact-Finders Associates, Inc., of New York City asked housewives to do this very thing. Three out of four said Fairmont Orange Juice is more delicious than three other well-known, nationally advertised brands.

Tomorrow morning—or as soon as you can—try Fairmont Orange Juice. It's a wonderful way to start the day.

# Dulles Promises 'Thorough' Government Check

By JOHN HIGHTOWER

WASHINGTON (AP)—John Foster Dulles, the next secretary of state, Wednesday projected a thorough investigation of the State Department but declared that "loyal servants of our government have nothing to fear."

John Dulles

An indication of what may be one of Dulles' first actions when he takes over the State Department Jan. 20 came in a statement he issued after a meeting with Secretary Dean Acheson.

Obviously aware of the impact of long-sustained Republican criticism on career diplomats and other workers whose boss he will be, Dulles declared the foreign service "will be protected" by the Eisenhower administration "insofar as it is sound and free of corruption."

**'Many Angles'**

"There are, of course, many angles that need to be looked into and will be looked into very thoroughly," he said. "But the loyal servants of our government have nothing to fear."

The reference to "corruption" and to the "angles" that will be thoroughly studied left no doubt that Dulles plans to rake over the department and foreign service from top to bottom.

Some authorities believe that one of his first and most pressing tasks, aside from reinforcing the morale of the thousands who will work under him, will be to try to restore public confidence in the department to whatever extent it has been destroyed.

Republican critics have assailed the department as a hotbed of Communists or persons with Red leanings, have attacked many of its policies, and have questioned the adequacy of its leaders. A wholesale shakeup of top personnel here and of U. S. missions abroad is expected under the new administration.

Dulles said he discussed with Acheson "the problems of transition which will be involved in handing the responsibility over foreign policy from a Democratic to a Republican administration."

# Probe Ordered Of Red Study 'Interference'

WASHINGTON (AP)—A House Judiciary Subcommittee Wednesday ordered an immediate investigation into alleged State and Justice Department "interference" with a grand jury investigation of suspected American Communists in the United Nations.

Rep. Chelf (D-Ky), subcommittee chairman, and Rep. Keating (R-NY) said "serious charges of delay, interference and hampering have been made against the Justice Department by members of the grand jury" in New York.

Max Zimmerman, one of the jurors, told reporters in New York Tuesday that the jury "had reasons to suspect" that the State Department, working through the Justice Department, had started to exert pressure to delay or pigeonhole its report. A State Department spokesman, Press Officer Michael J. McDermott, said it "had nothing whatever to do" with any such attempts.

# Brave Girl Who Lost Arm Learning To Write Again To Answer 'Fan' Mail

OMAHA (AP)—Twelve-year-old Esther Du Marce turned triumphantly away from the blackboard where she had slowly and carefully written her name.

"See, I can do it," she declared, "Do you think it looks good."

Esther is learning to write with her left hand so she can answer the letters that have been pouring in to St. Joseph's Hospital here since the story of her courage was told. She has also received many gifts.

On Thanksgiving Day Esther had her right arm amputated and a cancerous growth removed from her shoulder. Nurses said that in all her six weeks at the hospital she has not cried or complained once. She had received no mail, they said, and her only visitor was her father, Solomon Du Marce, who came for the operation and will stay on until he can take his daughter home.

On his way to Omaha from their home at the Sisseton Indian Reservation, Veblen, S. D., Du Marce lost his billfold containing $60.

"But I think he's forgotten his own troubles. He's very happy for Esther," said Mrs. Peter Thomas, a nurse at the hospital. Du Marce is staying at the home of Mr. and Mrs. Thomas.

# Crosby Appoints Max Denney As Administrative Assistant

Max A. Denney, 38, Fairbury attorney who managed the successful campaign of Governor-elect Robert Crosby, was announced Wednesday by Crosby as his administrative assistant.

Max Denney

Crosby previously had said that he would make no announcements of appointments until about Dec. 15. Ill at the home of his sister here with an "upset stomach," Crosby telephoned the governor's office that Denney would be appointed "so that he will have no chance to change his mind."

Crosby said he had a difficult time in persuading Denney to accept the appointment, because it means a substantial income loss for him. The position now pays $5,900.

"His decision confers a personal favor on me," Crosby said, "and resulted from my appeal that he share the burdens of an effort for good government."

Crosby said he expected the position to carry a "large measure of responsibility" in co-ordinating work of the various departments and in preventing overlapping of functions. One of the administrative assistant's duties will be to seek methods by which state expenditures can be curtailed by more efficient operation.

When the administrative assistant was authorized, Crosby was lieutenant governor and he says he plans to use him as was intended by the legislature at the time the position was created.

Denney in addition to being an active Republican party worker for more than 15 years, has served as county attorney of Jefferson County and Fairbury city attorney and is now president of the Fairbury school board.

Three years ago he was a contender for state chairman of the Republican party and for several years has been a member of the GOP State Central committee and Executive committee.

Denney is married and has two children. He has been associated with his father and brother in the practice of law since he was admitted to practice in 1936 after graduation from the University of Nebraska law college. He attended Peru Teachers College before entering law school.

# Durkin To 'Ban Politics' From Labor Department

CHICAGO (INS) — Martin P. Durkin, named by President-elect Eisenhower as his secretary of labor, said in Chicago Wednesday night he intends to ban politics from the labor department when he takes office.

The former Chicago labor leader and a Democrat then went to the basement of the hotel in which he is staying and cut thread on length of pipe to show that he still knows the craft he learned 41 years ago.

Durkin said he does not believe he will change his personal political allegiance even though he was appointed labor secretary by the Republican President-elect.

The new cabinet nominee said he is severing all connections with the AFL Journeymen Plumbers and Steamfitters Union, of which he has been general president since 1943.

**Attends Graduation**

Durkin asid he has no persons in mind for top assistants in his office.

Durkin was in Chicago to attend a graduation ceremony for apprentices in his old Local, 597, of the Plumbers and Steamfitters Union.

His brothers, John and James, who are steamfitters in Chicago, welcomed him and escorted the secretary-designate to the ceremony.

Commenting on politics, Durkin said:

"It has always been my practice to vote for the proper man regardless of his party. Of course, I have looked at candidates as a union official and I have followed the advice of Samuel Gompers, who recommended rewarding labor's friends and punishing its enemies."

Durkin previously said he voted for Gov. Stevenson, the Democratic candidate for president.

Regarding Sen. Taft (R-Ohio), who described Durkin's appointment by Gen. Eisenhower as "incredible," he said:

"I have no comment on Sen. Taft's statement. I do not think his criticism was aimed at me personally."

Durkin said he had no specific recommendations now for changes in the Taft-Hartley act and added that he still hoped to confer with Taft and with labor leaders to work out amendments to the measure.

## Delay Is Asked In Decision On Service Halt By City Lines

The State Railway Commission has been asked to delay until Jan. 7 a decision on the request by the Lincoln City Lines Bus company for permission to end service in the Capital City.

The delay was asked by the bus company and by the city. Both parties said additional time is needed to solve the situation.

The commission has been considering for some time the application to quit service, and ruling has been postponed before.

Also pending before the commission is an application of the bus company for a fare increase.

## Mrs. Remington, Lincoln Resident Since 1918, Dies

Mrs. Eunice E. Remington, 90, 2638 Sumner, a resident of Lincoln since 1918, died here Wednesday evening.

Born Aug. 22, 1862, at Coloma, Wis., Mrs. Remington taught rural schools for a number of years in Kansas and Custer County, Neb. She was the widow of the late Joseph C. Remington, who died here in March, 1946.

*Mrs. Remington*

She was a member of First Baptist Church.

Surviving are two sons, Calvin B. and William G., both of Lincoln; seven grandchildren and four great-grandchildren.

## Red Skelton Says Divorce In Offing But Wife Says 'No'

HOLLYWOOD (INS)—Red Skelton moved out of his Bel-Air home and into the Beverly Hills Hotel Wednesday following a bitter argument last night with his wife, Georgia.

This isn't the first time Red has left home, but this time he telephoned friends that he couldn't "take it any longer" and was leaving "for good."

Asked whether it meant divorce, Red insisted, "It certainly does."

But Georgia denied this and said:

"Red is acting haste. No divorce steps have been taken and none are contemplated at this moment."

# Red Cross Officials Discuss Disaster Relief

In what was described as a visit for a "helpful exchange of ideas "relative to disaster relief services, two officers of midwest Red Cross conferred Wednesday with Lincoln officials of the agency.

In Lincoln for the talks were Mrs. Glenn R. Northrup, director of Red Cross service groups for the midwest area, and Tom Desmond, director of disaster service for the same region. Both are of St. Louis.

They conferred with Joe Fenton, Red Cross disaster chairman in Lincoln, and Mrs. Blanche Anderson, chairman of service groups. Harold Hill, local Red Cross manager, said the pair are making a tour of Midwest cities to "pick up ideas and to offer some of their own" on the subject of disaster relief.

*RED CROSS CONFEREES—This group of Red Cross officers exchanged information on disaster relief measures. They are: Tom Desmond of St. Louis, director of disaster service in the midwest area (left); Mrs. Blanchard Anderson, local service group chairman; Joe Fenton, disaster chairman for Lancaster County, and Mrs. Glenn R. Northup of St. Louis, director of service groups in the midwest area. (Star Photo.)*

## Gass Elected Master

Clinton B. Gass was elected Worshipful Master of North Star Lodge No. 227, AF & AM, for the next year at elections held Wednesday night. Other officers include:

Lloyd S. Wymore, senior warden.
Laurence Daft, junior warden.
G. A. Barringer, treasurer (re-elected).
I. W. Deal, secretary (re-elected).
Cecil C. Gates, trustee for three-year term.

## Ex-Falls City Man Killed In Accident

FALLS CITY, Neb. (AP) — Charles H. Zoeller Jr., 27, a former resident of Falls City and son of Mr. and Mrs. C. H. Zoeller of the Dawson area, was killed in a car-truck collision near Concordia, Mo.

Zoeller had spent Thanksgiving with his parents and was on the way to his home at St. Mathews, Ky.

## Funeral Services For Mrs. Kildow To Be Held Friday

YORK, Neb. **(Lincoln Star Special)**—Funeral services for Mrs. Ella N. Kildow, 85, York County pioneer who died Tuesday after a month's illness, will be held Friday at 2 p.m. at the Metz Mortuary Chapel.

Mrs. Kildow, born on Jan. 15, 1867 in Greencastle, Ind., lived in York County for 75 years. Her husband, the late James N. Kildow, owned one of the first monument firms in York. He died in July, 1929.

Survivors include two nephews, Sutton Hice of York, and William Hice of Lincoln; two nieces, Mrs. J. R. Rives, Purcellville, Va., and Mrs. Walter S. Savage, New York City, and a sister-in-law, Mrs. J. C. Hice, Lincoln.

Rev. John Brooks of the First Methodist Church in York will officiate at the services, and burial will be at the Greenwood Cemetery in York.

## Winnie Called 'Goose' In Midst Of Hot Debate

LONDON (INS)—British Prime Minister Churchill was called "a goose" Wednesday in an uproarious House of Commons debate and he accepted it by saying "I've been called many worse things."

Deputy Speaker Sir Charles MacAndrew ruled, moreover, at the climax of the tumultuous debate that it is perfectly acceptable parliamentary practice to call Churchill "a goose" in the pre-Christmas or any other season.

The 30-minute dispute occurred when the Laborites accused Churchill of impugning the patriotism of Laborite Emanuel Shinwell during a discussion of the Allied Mediterranean command.

Dozens of deputies jumped to their feet and began yelling and booing Churchill, who asked: "Isn't it out of order to boo a member of this House?"

Laborite William Ross interjected "What else can you say to a goose?"

# A Touch Of Romance—

## Just Between Us

—heard of a novel way to refurbish worn-out tuxedo shirts. The idea was brought back recently by a visitor to Mexico. Embroider the entire front in any color and pattern desired, put on a new blouse-type collar, cut off the sleeves to make short ones, and the result is a most unusual blouse to be worn with peasant or full skirts.

★

—of all the idiosyncrasies of male eating habits I picked up "the tops" from a fellow committee member at a noon luncheon. There is, he claims, nothing to equal honey or jelly on pie!

★

—ran across a thoughtful and inexpensive present for an employer to give his married male employees. One man made a big hit with a packet of Christmas wrapping paper and ribbon "for your wife's present, which is usually the last bought and may have missed the pretty wrappings."

★

—over the holidays when you have guests dropping in constantly and unexpectedly, for something different in flavor, try adding a piece of cinnamon stick to your coffee before brewing it.

★

—a local grandfather was telling me about his mother's mincemeat—says it's the best he's tasted in all his life. Early in the fall she put enough mincemeat in a crock for both Thanksgiving and Christmas pies, then kept adding fruit and leftover fruit juices all fall. By Christmas the resulting flavor was truly wonderful.

## Dancing Club Tells New Members

The Safari Dancing Club will have its next dinner dance on Saturday evening, December 27, at Cotner Terrace. Committee members include Mr. and Mrs. Kenneth Millard, Mr. and Mrs. Robert Irvin, Mr. and Mrs. Gilbert Dietemeyer, Mr. and Mrs. Joseph Chamberlain, Mr. and Mrs. George Peircey, Mr. and Mrs. Richard Baker, Mr. and Mrs. Sam Schwartzkopf, and Mr. and Mrs. John Tidball.

New members of the club are Mr. and Mrs. Dale Olmsted, Mr. and Mrs. Ed Schwartzkopf, Mr. and Mrs. Richard Durm, Mr. and Mrs. Richard Burkmann, Mr. and Mrs. James Hackey, Mr. and Mrs. Melvin May, Mr. and Mrs. Robert Keller, Mr. and Mrs. Paul Evans, Mr. and Mrs. Lyle Chotina, Mr. and Mrs. Jay Aldrup, Mr. and Mrs. Gene Christensen, Mr. and Mrs. William Hutton and Mr. and Mrs. Max Whittaker.

## Campus Secret To Be Revealed

Top secret on the University of Nebraska campus these days has to do with the identity of the honorary commandant who is to be presented on Friday evening at the University of Nebraska's traditional military ball. Since the ball opens the formal season on the campus it naturally follows that it is one of the high spots on the campus calendar, socially speaking. However the military department at the University of Nebraska wants it definitely understood that the ball is not limited to University of Nebraska students—and extends an invitation to anyone who chooses to attend, either as a participant in the ball, or as a spectator.

Naturally the ball will have its honored guests, and among them will be Miss Gail Young of Omaha, queen of the 1952 Court of Ak-Sar-Ben, and her escort, Dave Noble, also of Omaha. Others on the honored list will include Governor and Mrs. Val Peterson, Brig. General and Mrs. William E. Potter, Brig. General Guy N. Henninger, Mrs. R. G. Gustavson, Capt. and Mrs. T. A. Donovan, Colonel and Mrs. J. H. Workman, Colonel and Mrs. C. J. Frankforter, Lieut. Col. and Mrs. Alex C. Jamieson, Capt. and Mrs. E. J. Bacher, Ft. Omaha; Capt. and Mrs. Lucas, Ft. Omaha; Capt. and Mrs. H. F. Murray, Dean and Mrs. J. P. Colbert, Dean and Mrs. B. L. Hooper, Dean Marjorie Johnston, Mr. and Mrs. John Selleck, Mr. and Mrs. Bruce Nicoll, Lieut. Col. Francis P. Delvin, Creighton University, Omaha.

JUST TO GIVE the already festive pre-holiday season an added zest we have betrothal news this morning that will be of much more than casual interest to town circles, as well as along Sorority row—Our news also means that socially speaking things will not come to a complete standstill following January 1, for we suspect that there will be countless prenuptial courtesies for this morning's fiancee—

This morning Mr. and Mrs. W. Irl Stebbins are announcing the engagement and approaching marriage of their daughter, Nancy Jane, to Eugene Adrian Gessner, son of Mr. and Mrs. Robert A. Gessner.

The wedding will take place on Saturday, February 7.

Miss Stebbins will be graduated in January from the University of Nebraska where she is a member of Kappa Kappa Gamma sorority.

Mr. Gessner is a graduate of the University of Nebraska college of engineering, and is a member of Phi Gamma Delta fraternity.

* * *

SPEAKING OF wedding dates—Miss Barbara Reinicke is this morning announcing the date of her marriage to Tom Recht. The ceremony will be solemnized at 7:30 o'clock the evening of Saturday, December 20, at the Church of the Holy Trinity, Episcopal.

For her matron of honor Miss Reinicke has chosen Mrs. Harry A. Spencer, jr., and her bridesmaids will include Mrs. James Woodworth and Miss Priscilla Jones. Miss Jody Wiese, daughter of Mr. and Mrs. William Wiese, will be the flower girl.

William Best of Longmont, Colo., will serve Mr. Recht as best man, and seating the guests will be Edward Wills, Scottsbluff; Hile Goodrich, Crawford, and Leonard Wallace of Friend.

* * *

BUT THERE still are numerous courtesies for Miss Reinicke between now and her wedding day. On Sunday evening, for instance, Miss Reinicke and her fiance will share honors at a dinner for which Mr. and Mrs. William Wiese will be host and hostess at the Lincoln Country club.

And on next Tuesday evening the bride-to-be will be complimented when Mrs. Chester Singer entertains sixteen guests at her home.

* * *

NEXT THURSDAY'S calendar includes an informal party and shower for which Mrs. Jack Fuller and Miss Jean Loudon will be hostesses when they entertain at the home of Miss Loudon, and honoring the soon-to-be bride a week from Saturday will be Mrs. Harry Spencer, jr., and Mrs. James Woodworth.

Included among Miss Reinicke's more recent parties was the dessert supper and one-gift shower for which Mrs. C. A. McCoy and her daughter, Miss Margaret McCoy were hostesses at their home.

* * *

HAVE NEWS OF the Aldrich family—Mrs. Bess Streeter Aldrich, that is, and her sons and daughter—It seems that the entire family will be in Lincoln for the holidays—Mrs. Milton Beechner, Mrs. Aldrich's daughter, Mr. Beechner and their children live just a cozy distance away from Mrs. Aldrich—and Bob Aldrich still is at home. However, other members of the family—Mr. and Mrs. Charles Aldrich and their daughter, Carley of Kings Park, Long Island, N. Y., and James Aldrich of New York City, will be arriving in plenty of time for Christmas. In fact we have heard that Mrs. Charles Aldrich and her young daughter will be arriving several days before Christmas, as will Carley's uncle James—Charles Aldrich will arrive a short time before Christmas.

* * *

SOMEONE told us that L. T. Pedley would be coming to Lincoln from Minden to spend the holidays with his son-in-law and daughter, Mr. and Mrs. Oril A. Barber, Jr.

* * *

OUR BASSINET club representative on the west coast sent us word that Peggy Eileen Garrison arrived on Tuesday, December 2. Peggy Eileen is the daughter of Mr. and Mrs. Robert Garrison of Van Nuys, Cal., and her mother is the former Marjorie Weygint of Lincoln, daughter of Mr. and Mrs. Frank Weygint. The young Miss Garrison's paternal grandparents are Mr. and Mrs. M. H. Garrison.

MISS NANCY STEBBINS

* * *

SUNDAY WILL be coming home day for Dr. and Mrs. F. A. Alcorn who will be returning from Denver where Dr. Alcorn has been attending a medical meeting.

* * *

PICKED UP the news somewhere or other that Mrs. Charles Ammon would be coming home from Houston, Tex., in time for Christmas.

* * *

A FEW paragraphs back—when we were discussing brides-to-be—we meant to tell you about the party for which Mrs. Richard Kimball, her daughter, Mrs. William Cartmell; Mrs. Ted Barger and her daughter, Mrs. William Hein, will be hostesses on Sunday, December 7, when they honor Miss Margery Van Pelt, whose marriage to Eames Irwin, will take place on December 30. Twenty-two guests have been invited for a 10:15 o'clock coffee and a miscellaneous shower at the home of Mrs. Kimball.

* * *

THE BASSINET clubs here and there made serveral contributions this morning—The talcum crowd in Lincoln is gloating over the arrival of Miss Sidney Elizabeth Shurtleff on Monday, December 1, at Lincoln general hospital. Miss Sidney Elizabeth is the daughter of Mr. and Mrs. Wood Shurtleff, and her maternal grandparents are Dr. and Mrs. Sidney O. Reese. Her paternal grandmother is Mrs. W. Bruce Shurtleff.

* * *

FROM ST. LOUIS comes news of the arrival of John William Ballew on Monday, December 1. The young man's parents are Dr. and Mrs. John W. Ballew, and his mother is the former Margaret Ann Amend, daughter of Mrs. William Amend, and Chi Omega at the University of Nebraska. John William's paternal grandparents are Mr. and Mrs. Homer R. Ballew, and we're guessing that the young man's fraternity some seventeen years hence, will be Delta Tau Delta.

A COMMUNIQUE from the Denver chapter of Bassinet clubs tells us that Mr. and Mrs. Irving R. Dana announced the arrival of a son Monday, December 1. Mrs. Dana is the former Mary Jane Hewett, daughter of Mr. and Mrs. William Hewett of Rushville, and Delta Delta Delta at the University of Nebraska. The young man's paternal grandmother is Mrs. I. R. Dana of Lincoln — Incidentally, we suggest that the ATO chapter begin shining up another Maltese cross.

* * *

UNDERSTAND that Miss Virginia Lee Nelson arrived on Monday, December 1, at St. Elizabeth hospital. We're wagering that the young Miss Nelson will be probably be speaking French as well as she will English in another couple of years—You see she and her mother, the former Marilyn Kerr, will be leaving in the near future to join Lieut. Nelson who is stationed in France.

* * *

GUESTS FROM Kearney, so we hear, will be Mr. and Mrs. Tom True who will be the house guests of Mr. True's parents, Mr. and Mrs. L. O. True. Christmas morning breakfast at the home of Mr. True's brother-in-law and sister Mr. and Mrs. Sidney Bradley, gets the holiday off to a good start—and included among the breakfast guests will be Mr. and Mrs. L. O. True, Mrs. Bradley's grandmother, Mrs. George Thomas, and Mrs. Bradley's mother, Mrs. Edith Bradley.

* * *

WONDERED IF Mr. and Mrs. Charles T. Stuart and their family would be taking off to the north woods as they did last Christmas—It seems that they are not—However Mr. and Mrs. Stuart will be going to Hackensack next mid-week to attend a wedding.

* * *

JUST HEARD that Mr. and Mrs. George Swingle arrived home Tuesday morning from San Francisco and Los Angeles where they spent two weeks on one of those business and pleasure combinations. Anyway, while in Los Angeles Mr. and Mrs. Swingle saw Mr. and Mrs. Roy Lyman who now are residing in Pasadena.

## We Hear That

Miss Donna Rae Davis returned to her home in Beatrice earlier this week after spending the Thanksgiving week-end as the guest of her cousin, Miss Barbara Schwindt.

Miss Hilvie Mae Olson of Minneapolis, Minn., and Miss Ellaine Gustafson of Wahoo have been guests at the home of Mr. and Mrs. E. G. Ekblad. Miss Olson is a member of the Synodical committee representing the Sunday School Teachers' Training Institute of the Augustana Lutheran Church of America, with headquarters in Minneapolis. The committee recently conducted a training school at Axtell. Miss Gustafson is the registrar and a member of the faculty at Luther College, Wahoo.

The friends of Fred Schlegel of Wichita, Kan., formerly of Lincoln, will regret to learn of his serious illness. Mr. Schlegel had been removed to his home in mid-November after several weeks hospitalization, but has returned to Wesleyan Hospital (Wichita) for an indefinite stay. Mr. and Mrs. Schlegel reside at 903 Coolidge Avenue, Wichita.

★

The Rev. Lennie Curd of the Chirothesean Church, left for Los Angeles, Cal., on Thursday evening, Nov. 27, to attend a business and professional meeting of the National Academy of Metaphysics. She will visit in Phoenix, Ariz., enroute and will return to Lincoln on Saturday, Dec. 20.

## Craft Center Plans Open House

Articles made in YWCA craft classes will be on display on Thursday, December 4, from 6 to 9 o'clock, when the YW holds an open house.

Products from the following classes will be on display, according to Mrs. Chauncey W. Smith and Mrs. S. J. Dieselman, co-chairmen of the craft center: photography, metal and jewelry, drawing and painting, ceramics, textile painting and weaving.

A new term of classes will begin on January 19 and anyone interested may call 2-6801 for further information.

## Camp Fire Leaders Meet

All Camp Fire leaders are urged to attend the zone meetings scheduled for this week when Christmas ideas for handcrafts and games will be discussed. If a group leader is unable to attend, she is asked to send a substitute representative.

The meetings are as follows: zone 1, 9:30 o'clock, Wednesday morning, at the home of Mrs. Robert Holbert, 4603 Greenwood; zone III, 9:30 o'clock, Friday morning, at the Camp Fire office; zone IV, 1:15 o'clock Wednesday afternoon, at the office; zone V, 1:15 o'clock, Friday afternoon, at the home of Mrs. William Stoner, 3242 South Thirtieth street.

## State PTA Directors

Meeting Wednesday in a series of workshops were newly-elected district directors of the Nebraska Congress of Parents and Teachers. The meeting was especially planned to acquaint the new directors with their duties and is being held in conjunction with the regular meeting of the state organization's board of managers at the Lincoln hotel.

The directors set April 22 and 23 as the dates for the state convention and the board of directors will meet on April 21 and April 24. All meetings are to be at the Lincoln Hotel in Lincoln. The theme for the convention will be "Together—We Build" and the banquet speaker will be Mrs. Llody M. Wight of Kansas City, Mo.

Mrs. R. R. Smith, Grand Forks, S. D., vice president of region IV will attend the convention as the national representative.

In the picture are: seated from left to right, Mrs. F. H. McKenney, Omaha, district II; Mrs. A. E. Hanneman, Lincoln, state president; and Mrs. J. B. Budd, McCook, district XII. Standing, from the left, are: Mrs. R. E. Muller, Bruno, district V; Mrs. Rees Preston, Nebraska City, district I; and Mrs. A. W. Koester, Alliance, district X.

New directors not in the picture are: Mrs. W. W. Mahan, Hoskins, district III; Mrs. Henry Ballard, Grand Island, district VII; and Mrs. Floyd Morris, North Platte, district XI.

## Minerva's Mail

Apparently I am not the only one who has pet theories on the matter of child rearing. A few letters have arrived filled with advice for Maida and the problem she seems to be having for her seven-year-old son in the matter of truthfulness.

Maybe we'll have room for more than one letter—We hope so, but if we don't you'll get the varied ideas later. Now for one of the letters:

Dear Minerva: I read Maida's letter with a great deal of sympathy the other morning, and sat down to write you the method I used for solving a similar problem.

As Maida did I thought, and so did everyone else, that our young son would grow out of this bad habit. The little fibs he told as a baby we more or less ignored since everyone told us that all children did that. But when he reached the age of six or seven, and still persisted in untruths—just real lies that weren't at all necessary, we deceided something had to be done. We first began telling him stories, making up some of them, about little boys who always told the truth no matter what they had done, and enlarged upon all of the nice things that happened to them. He listened intently, but it didn't seem to do much good. My mother suggested reading from books. She said he might sense we were just making up stories, but if we read them he would pay more attention. So, we read about George Washington and the cherry tree—we searched for everything we could find that had to do with little boys who always told the truth. After the story was finished Tommy, his dad and I would discuss the idea of honesty, and how telling the truth always paid off. I can't say that after several weeks of really hard work that we had accomplished too much. Then I really took over. I told my young man that as long as he told the truth he would never be severely punished, but the first time I caught him telling another lie he would be punished twice—and hard—one spanking for what he did, and the second and harder one for telling the lie. Believe me, that turned the trick. He would just be on the verge of telling an untruth, and then change his mind. Our son now is in his 'teens, and has developed into one of the nicest and most truthful sons anyone ever had.

I must tell Maida that punishing a child is not easy. It takes all of the courage you have to give a child you love so dearly a good sound spanking, but rather spankings than a liar for a son. You'll have to talk yourself into the idea every time, Maida, and you never dare let down—not even for a very small lie. I agree with Minerva that the same method of punishment may not work with all children. I have known children to whom a spanking didn't mean a thing, but maybe that was because the spanking wasn't hard enough. Anyway, there is my experience, and I hope it works out for you because I know what it means to worry about such a problem. Dot.

Thank you Dot for the advice—tomorrow we shall present some other methods.

## The Beginnings

By JOHN ROBERT POWERS

How good are you at beginnings? In letter writing, often getting started is the hardest part, especially in social notes.

In business correspondence, you've got a ready-made opener. The only one that will pass muster is writing correctly the recipient's name, address and the salutation. The propriety with which you do this makes the first bid at the other end for careful and interested attention to you communication.

**Business Form**

Judging the length of your letter as well as you can, try to center it on the page. The date should be placed so it ends at the right margin of the page. Dropping down about one inch and crossing over to the left margin, place the address of the firm you are writing or the individual.

Never abbreviate the name of a firm. Preface the full name of an individual with Mr., Mrs., or Miss. Any title such as "treasurer" follows the name. The name of the firm is placed on the next line, the street address on the following line, and the city, postal zone and state on the last line.

Now leave two spaces or about half an inch and pen the salutation. And here's where women in and out of business often find themselves in a big mixup. How would you write the salutation for Whitney and Company? "Dear Sirs," of course.

**Salutations**

But how would you address the Mary Anne Dress Company? "Dear Sirs" is the proper answer again. Only when a company is inseparably identified with female ownership would you ever use "Mesdames"—and even then "Dear Sirs" would still be excellent form. And, of course you would never make the astounding error of writing "Dear Whitney and Company" or "Dear Mary Anne Dress Company"—even though it is an error more commonly made than you might suspect!

This is how it all lines up:

Whitney and Company
316 Madison Street
Harrisburg 17, Idaho
Dear Sirs:

With this line-up you are off to a good beginning and the very best reception for your missive!

## Yuletide Sauce

A frozen flavor version of Yuletide's traditional beverage, egg-nog icre cream needs no dressing up. Yet it's fun to provide a conversation piece by way of a colorful fruited sauce, as delightful as it is ornamental. Appropriately named the "Yuletide Sauce," it is a well-chilled concoction of fruits and nuts and Christmas-gay red and green cherries.

**Yuletide Sauce**

(Good anytime on the old standby, Vanilla Ice Cream)

1 cup Maraschino cherries, halved.
¼ cup cherry syrup halved green cherries, if desired
1 cup drained canned figs, cut in small pieces
1 cup dates, sliced crosswise in small pieces.
1 cup canned pineapple, cut in bits
½ cup of the pineapple syrup
½ cup sugar
½ to ¾ cup blanched almonds, cut lengthwise

Pour boiling water over dates and let stand 3 minutes to soften; drain. Combine all fruits and cherry syrup. Cook together the sugar and pineapple syrup. Boil 2 minutes. Pour over the fruit. When cold, add the shredded almonds. Chill well before serving.

## Square Dance

The weekly square dance of the Swing 'er Cheat Square Dance club will be held Saturday night in the YWCA gymnasium. Club members will call the dances, to begin at 8:30 o'clock, and all adults who are interested are welcome to attend.

# Dodgers Plan Big Trade At Major League Meetings

## 66ers Scorch Kelly-Ryan Five, 102-54

### Former All-Americans Lovellette, Darling Star

By RON GIBSON
Star Sports Staff Member

Water couldn't quench the fired-up Phillips 66ers Wednesday night.

The famed Oilers turned the heat on the Kelly Ryan Trailaways, 102-54, at the Coliseum before a crowd of 3,000.

And the crowd loved the way the visiting firemen made those 102 points—with a parade of former All-Americans and near All-Americans dunking a total of 42 field goals.

**Clyde Lovellette was the fire chief, dropping in 25 points. Chuck Darling of Iowa, Cumulus Clyde's fellow All-American pivot, added 21.**

Two former Nebraska stars, Bus Whitehead and Bob Pierce, didn't set the nets ablaze, however. Pierce scored eight points, and Big Bus went scoreless.

Del Miller, former Nebraska Wesleyan great, meshed 16 counters to spark the Trailaways.

After the 66ers played a leisurely first quarter and held a 16-14 first-period lead, on Lovellette's first 13 points, the fire got out of control.

**The 66ers displayed everything in the way of basketball offense.**

There was Darling, smooth as a greasy ice-cube at the pivot spot. He sunk hooks and tip-ins with amazing ease.

There was Lovellette, with his familiar under basket shots and even his deadly hook shot.

There was Bob Likens, who meshed six out of seven long one-handed push shots.

There was Handsome Don Johnson, who dribbled, ran, and shot like nobody's business.

**But for the outclassed Trailaways, there was no one who could stay with the 66ers except Del Miller. Miller was in the 66ers' way all night, a fact reflected by his 8-for-15 at the free-throw line.**

Miller, along with Whitey Sieckman, Hank Wolsman and Cliff Squires, paced the Kelly Ryans in a valiant but futile effort.

## Oiler Game Is Reunion For Bus, Shorty And 'Mom' Cech

By DON BRYANT
Star Sports Staff Member

THERE was much hand-shaking and slapping of backs in the Phillips Oilers' dressing room following their 102-54 win over Kelly-Ryan Tuesday night.

And the reason? Well, it was a reunion of three old friends and teammates—Bob "Shorty" Pierce, Milt "Bus" Whitehead and, of course, Henry Cech, all ex-Husker cagers.

It was Pierce who managed to get the first word in and he explained with a hearty grin:

**"It's wonderful to see Mother Cech—we always called him that—again. It's just like old times."**

Whitehead seconded Shorty's statement with great exuberance and added:

"I think the highlight of our trip to Lincoln—for both Shorty and me—is seeing Henry again."

"Mother" Cech was happy, too, and nodding toward the two giants, said:

**"It was a great pleasure and privilege for me to see these two boys in action again. And it's good to talk to them. You know, I've always thought of them as my boys."**

Turning to serious business, both Whitehead and Pierce agreed that there was a great deal of difference in playing college ball and the AAU variety.

Bus cited the experienced personnel the Oilers meet as the big difference.

"When you meet a tough AAU team, you play against some of the country's best," he said.

The big difference for Shorty is found in the competition.

"We play some good teams and we play some bad teams, but one thing is certain. When you meet a team like Peoria (Caterpillar Diesels) you can't let down for a minute. Everyone on the team is a terrific ball player," he said.

**Clyde Lovellette, the ex-Kansas skyscraper, when informed that his old coach—Phog Allen—has announced his objection to the new free throw rule (if the first shot is missed, you get another chance), had different ideas.**

"I think the rule is a good one," he said, adding, "since you can usually make a free throw with a second chance, it saves the tall boys from doing a lot of extra work around the boards.

"Also, it gives a team a chance to get the ball late in the game and that's important," Clyde remarked.

## Lincoln Baseball Picture Muddled; Get League Loan

The Sherman Field baseball picture Thursday awaited the arrival from Phoenix, Ariz., of A. Q. Schimmel, president of the Lincoln Civic Baseball Association.

**Schimmel will return to Lincoln and with the Association will attempt to clear up the now-muddled situation in a Western League session to be held here Dec. 14.**

While Lincoln's Western League status is still up in the air, Lincoln does have the following assets:

1. A new business manager—O. W. (Bill) Hays, former business manager of Buffalo's International League entry. Hays was appointed by Schimmel.

2. The assurance of getting seven optioned players from major league teams.

3. An offer of a $15,000 loan from the Western League. The offer was made by Western League President Edwin C. Johnson.

**Lincoln's new business manager, Hays, visited the city three weeks ago. While here, he inspected Sherman Field and talked baseball with local citizens.**

He now plans to come here imbediately and attempt to raise fnuds to insure backing for the orphaned Lincoln team.

## Lincoln Site Of Big Seven Winter Meet

Big Seven Conference officials will gather at the Cornhusker Hotel today for opening of the annual winter meeting.

The meeting—comprised of the Athletic Directors, Business Managers, and coaches—has always been held in Kansas City prior to this year.

John Bentley, Husker publicity director, said only routine business is scheduled for discussion.

## Wesleyan Seeks Second Win Against York Quintet Tonight

Nebraska Wesleyan will go after victory number two tonight when Coach Mark Haight brings his York College Panthers to Lincoln for a basketball game on the Northeast High School maples. Game time is 8 p.m.

The Panthers, seeking their first victory, were nipped by Doane College in a 77-76 thriller Tuesday night, while the Plainsmen of Coach John Grayson were disposing of Dana College 87-54.

Although the opposition was hardly strong enough to warrant rave notices, the Plainsmen generated a surprisingly strong offensive punch against Dana.

**The 87-point total was the greatest single game output by a Wesleyan team since 1908 when Capt. Ben Peck led Coach Z. G. Clevernger's club to a 91-12 victory over York while the Plainsmen were gunning a successful drive for the Nebraska Intercollegiate crown.**

Tonight's contest may produce a top-notch battle of towering pivots with Wesleyan's seven-foot giant Don Boldebuck going at it against six-foot four inch Panther Center Jack Kiser.

Kiser averaged nearly 25 points per game while pacing the York club a year ago, and dumped in 26 as the Panthers were dropping their opener to Doane.

The Plainsmen displayed their best offensive balance in several seasons in disposing of Dana, and at times showed marked improvement in their floor game over a year ago.

The probable starters:

| Wesleyan | | York |
|---|---|---|
| Kreps | F | Watkins |
| Lightbody | F | Frankamp |
| Boldebuck | C | Kiser |
| Willoughby | G | Beaver |
| Seng | G | Nordberg |

## Brooklyn Wants Spahn, Would Give Up Robinson

PHOENIX, Ariz. (INS)—An impending major trade, a dollar battle between two American League clubs for a heralded Negro player and continued minor league draft sessions highlighted the winter baseball meetings Wednesday.

The Brooklyn Dodgers and either the Philadelphia Phillies or the Boston Braves are scheduled to get down to brass tacks in what may develop into the biggest trading season of the meeting.

Brooklyn's fighting Dodgers made no bones about their desire to obtain a starting southpaw pitcher—no initials mentioned but he goes by the name of Warren Spahn.

So desirable has the Boston Braves hurler become that Vice President Buzzy Bavasi of the Brooks broadly indicated that the Dodgers might even trade Pewee Reese or Jackie Robinson to obtain his services.

Bavasi said pointedly:

**"We will trade anybody but Duke Snider or Roy Campanella to obtain a high-ranking pitcher. Snider and Campanella simply cannot be replaced."**

The Dodgers are convinced they have the second-line strength to replace other players.

Manager Charley Dressen, who signed Tuesday for a salary guessed at between $35,000 and $40,000 for one year, said:

"We will break up either our infield or outfield to obtain the pitcher we want."

To this end the Dodgers had offered two deals to the Philadelphia Phils and the Boston Braves respectively.

**The Dodgers, reportedly, offered the Phils Outfielder Carl Furillo, Third Baseman Billy Cox and First Baseman Gil Hodges in exchange for Pitcher Curt Simmons and Outfielder Del Ennis.**

They also offered the Boston Braves Furillo, Outfielder Andy Pafko and Cox for Warren Spahn and Outfielder Sid Gordon.

The dollar battle over the Negro player came in the form of an answer to Dodger Jackie Robinson who claimed the New York Yankees were prejudiced against Negro ballplayers.

A Yankee spokesman who asked his name be withheld said that the Yankees long had been on the prowl for the "right player" of the Negro race. And they believe they have their man in Righthander Bill Greason, a phenomenal performer for the Oklahoma City club of the Texas League.

So highly have the young man's talents been assessed that the Boston Red Sox have entered the chase. The bidding reportedly has reached $40,000.

Vice President George Weiss answered Robinson's charges by calling them grossly unfair and completely unfounded. Then the Yankee report doubled Weiss' statement in spades.

**Young Greason, who left the Marines last July and posted a nine won, one lost record in the tough Texas League after mid-August, is the sole property of the Oklahoma club.**

He has been scouted thoroughly by Tom Greenwade, the Yankee private eye who found Mickey Mantle. The Yankees apparently believe that Greason is the answer to their requirement that a Negro player be of "Yankee caliber both ability-wise and as a credit to the game."

Managerially, the Dodgers were all set with the signing of Dressen, and the club also announced that Relief Pitcher Joe Black was in the fold at $1,000 a year more than he asked but a sum which was not disclosed. It was supposedly between $13,000 and $15,000.

Forty-five players in Classes B and C were drafted to end the selections at the 1952 meetings in Phoenix.

Only 11 players were drafted by the major leagues, three by the talent-hungry Pittsburgh Pirates.

The Pirates, under astute General Manager Branch Rickey, also figured in the top player deals of the day in a meeting which has been significant mainly because of the absence of trading.

Rickey announced that he was sending Catcher Clyde McCullough of the Pirates back to the Chicago Cubs in a swap which brings Ptcher Dick Manville to the Bucs. Manville is a hurler of great promise from Shreveport, La.

**Rickey also announced that Vic Janowicz, All-America footballer from Ohio State, will sign a Pittsburgh contract as soon as he is out of the army.**

Janowicz is slated for a bonus, reportedly at least $25,000.

## Norfolk JC Trampled, 92-47, In '52 Opener

NORFOLK—Southern Teachers of Springfield, S. D., rolled over Norfolk Junior College, 92-47, in the 1952-53 basketball inaugural for both teams here Wednesday night.

Every man on the Teachers squad played, but Roy Adel's 13 points gave him high-point honors for the winners. Fischer's 18 led Norfolk.

## Cage Officials Needed For City League Ball

Al Hawthorne, city recreation department spokesman, issued a call for basketball officials Wednesday night.

Officials are needed for city league basketball games. Any prospective whistle-tooters are asked to call the recreation office at 2-3884 to ask for work.

# Notre Dame Sucker Shift Airing Seen

## *Lou Little Predicts U.S. Coaches Will Be Polled*

By WILL GRIMSLEY

NEW YORK (AP)—The Nation's 1,600 college football coaches will be asked for an opinion on Notre Dame's controversial "sucker shift," Columbia's Lou Little said Wednesday.

"Let's not call it a 'sucker shift'," Little, chairman of the football coaches' rules committee said, "Let's say we are checking on the rule covering false starts.

**"This matter has been raised, no doubt by Notre Dame's use of the shift, so I am including it on the questionnaire which I am distributing to all our college coaches.**

"There's no doubt the subject will be looked into thoroughly and we should come up with a satisfactory answer."

Notre Dame used the shift last Saturday at South Bend, Ind., in whipping previously unbeaten Southern California, 9-0. Southern Cal's Coach Jess Hili said he thought it violated the "Spirit of the game."

Yale's Jordan Olivar and other coaches criticized the maneuver as unethical if not in actual violation of the rules. "It's a trick," said Olivar. "I don't think it belongs in football."

Edward (Moose) Krause, Notre Dame athletic director, defended the shift as perfectly legal and said Knute Rockne invented it in 1913 when he had his team shift from the T to the Box.

**"Since when is trickery wrong?" Krause asked. "How about the reverse and the end-around? They're tricks, too, aren't they?"**

In the move, Notre Dame's backfield shifts from the balanced T into the box formation with the quarterback behind center shifting over to the blocking back spot and feigning a pass.

With the ball on USC's nine-yard line in the second period Saturday, Notre Dame suddenly pulled the shift and three Trojans leaped across the line of scrimmage. Southern Cal was ruled offside and the ball was moved down to the four, from where the Irish easily scored.

"We have a rule covering false starts," Little said. "It's No. 1, Section 1, Paragraph G which says no player of the offensive team shall make a false start. A false start includes a shift which simulates a play. It draws a five-yard penalty.

"But whether the Notre Dame shift violates this is something for the rules makers to decide. I know Michigan State shifts from an unbalanced T to a single wing and nothing is said about it.

# Rockets Take Off On First Leg Of Scottsbluff-North Platte Jaunt

By WAYNE PANTER
Star Sports Staff Member

NORTHEAST Rockets were to leave this morning on the first leg of an ambitious two-game jaunt that will get their 1952-53 cage season under way.

The aspiring cagers of Coach Eddie Johnson are slated to meet Scottsbluff, defending Class A champion, Friday night, moving back to North Platte for a Saturday night date with the Bulldogs.

The Rockets will stay at Scottsbluff Thursday and Friday nights. Twelve men have been named by Johnson to make the trip. They are Bob Cook and Jerry Pauley, centers; Ken Forbes, Jim Haberlan, Dave Tullis and Don Turek, forwards, and Bill Fry, Norv Holverson, Paul Leacox, Junior Thomas, Larry Delaney and Roscoe Hill, guards.

**Forbes, Cook, Holverson and Tullis are one-year letter winners, while Thomas and Haberlan are dual monogram winners. Haberlan and Forbes are the only remaining starters from the crew which last year went to the semifinals of the state tourney.**

Despite sufficient lettermen to start an all-veteran crew, there was a distinct possibility that a pair of newcomers might be given starting nods Friday night.

A tentative starting lineup named by Assistant Coach Max Hester—acting as spokesman for Johnson, who has been ill with flu but is expected to make the trip—included Cook at center, Forbes and Haberlan at forwards, and non-lettermen Roscoe Hill and Larry Delaney at the guards.

Delaney (5-11) and Hill (5-9) have looked good in pre-season drills. Both are juniors.

Fry (5-7) and Leacox (5-6), a pair of diminutive junior swities, along with Pauley (6-2), Hill and Delaney, are up from Max Rezek's fine reserve squad, which dropped but one game last season, that to Class D state tourney finalist Palmyra.

Haberlan and Forbes were mainstays on last year's squad. One of the biggest question marks lies with the ability of Cook, 6-4 senior privotman, to take over the duties of Arvid Barney, last year's All-State center.

**Among the most improved on the squad is Thomas, who last year found trouble getting into the scoring column. Hester reported Thomas looking "awfully good" in early drills.**

Scottsbluff, which opens tonight against Lead, S. D., has seven letter winners back from its championship squad, including All-State Center Ted Westervelt.

Coach Warren Brown will also count heavily on Don Comstock, Alan Deines, Don Hartwig, Bob Wegelin, Don Trout and Larry Kautz.

The Platters will be looking for vengeance Saturday night. The Rockets won their berth to the semis by downing the Bulldogs, 48-47, in the opening round. Five lettermen are back from the team which won 15 and dropped five last season.

# 5 Lincolnites Bag Deer

From Press Dispatches

Five Lincolnites were among the 228 hunters who brought home their deer Wednesday, the State Game Commission reported.

They were Ellen A. Cherry, 150; Royce Kreigtman, 185½; Richard Schilling, 149; Orman F. Cross, 101, and Wallace W. Webster, 86.

Four hunting days remain in the seven day buck season with 674 of the 1,500 permit holders having bagged their deer.

The biggest kill of the day, a 218 pound buck, went to Gilbert Switzer of Crawford.

Top feminine hunters were Margaret Walgren of Hay Springs who shot a 201-pounder, and Ora D. Wickard, 17-year-old Minatare High School student, who killed a 197-pound buck.

# Wallace KOs Bob Dunlop

DETROIT (INS) — A plump Coley Wallace, of New York, carrying 22 pounds more than his opponent, scored a bloody sixth-round knockout Wednesday night over Bob Dunlop of Salt Lake City, Utah, in Detroit's Olympia.

Dunlop, seventh-ranking heavyweight entering the ring, was floored for a mandatory eight count in the first round, stunned again in the third and put away with a vicious right cross at 46 seconds of the sixth round.

**Wallace, previously rated number 5 in the division until he was kayoed by Jimmy Bivins in his last fight, has now won 17 out of 19 bouts.**

A handful of spectators were on hand to watch the nationally-televised scheduled 10-rounder.

# Ed Weir To Speak At Bobcat Banquet

Ed Weir, head track coach at the University of Nebraska and a former All-American tackle with the Cornhuskers, will be guest speaker at the Peru State Teachers College football banquet December 11.

**The affair is being sponsored by the Blue Devils, men's pep organization at the school.**

The Bobcats closed out the football season undefeated and gained national recognition for their string of ten straight victories.

# Lincoln Hunter Gets Quick One

Who says it's hard to knock down a quick buck these days?

Virgil Mart, of 329 So. 15th, Lincoln, doesn't think so.

Mart scored one of the earliest bags of the current buck deer season after about one hour of hunting on opening day.

**He and Elwood Moore of Sidney were operating out of Bridgeport, Neb., in the Wildcat Range, using the Arnold Stuart ranch as a base. At noon on the opening day, Mart knocked down a 155-pound four-point buck just north of Bridgeport.**

Mart, who made his kill with an eight-millimeter Mauser, gave partial credit to his guide, LeRoy Stuart, for his early success.

One of eight Lincoln hunters who scored early bags, Mart told The Star that deer seemed plentiful in the Bridgeport area, and were scattered in herds of 15 to 20.

# Fairbury JC Hits St. Joseph, 46-41

ST. JOSEPH, Mo. — Fairbury J.C. never trailed here Wednesday night in racking up a 46-41 victory over St. Joseph Junior College in the season openers for both basketball teams.

**St. Joseph wiped out an 8-point Fairbury lead in the first half to knot the count at 20-20 and tied the score again at 35, 36 and 37 but couldn't forge ahead.**

## Irish Win Opener

SOUTH BEND, Ind. (AP)—Notre Dame's basketball Irish started their 48th season Wednesday with an easy 80-59 victory over Creighton.

*WHAT THEY CALL A FAST BUCK — It took hunter Virgil Mart (left), of 329 So. 15th, only an hour to bag this 155-pound four-point buck about a mile and a half north of Bridgeport Monday. Mart had the help of Guide LeRoy Stuart (right) of Bridgeport in locating the buck. (Photo Special to The Star.)*

# Big 7 Grid Attendance Increases 6.88 Percent

NEW YORK (AP) — The South and the Midlands kept college football attendance on an even keel during the 1952 season although declines were registered in nearly every other region.

The annual Associated Press survey of attendance at major games revealed Wednesday that the crowds increased by a whopping margin in the Southern, Southeastern, Big Seven and Missouri Valley Conferences. They were smaller elsewhere, notably in the East and on the Pacific Coast, but the gains in those four conferences just about offset the losses of the others.

Actually, the over-all figure, including all the major conferences and the unorganized eastern independents, showed a decline of 1.49 per cent. The average crowd per game was smaller by 378 cash customers.

Those figures are so small they probably can be disregarded, since some colleges furnished only "round number" estimates of their crowds and since only conference members were counted outside the East.

The inclusion of the University of Miami, which suffered a loss of more than 100,000 in attendance this year, would have made the South's record look much worse while Notre Dame, which always draws well at home, might have improved the Midwestern figures.

**The Big Seven, with mighty Oklahoma leading the way, drew an average of 25,741 per game, an increase of 6.88 per cent, and the sprawling Missouri Valley Conference had an average increase of 8.64 per cent. The success of the Houston and Tulsa University teams were largely responsible.**

Over-all attendance for the Pacific Coach Conference was down almost 15 per cent in spite of some huge turnouts, a drop that left the experts scratching their heads to find explanations. In the East, attendance as a whole declined 9.49 per cent although the Ivy League colleges lost only 5.67 per cent.

Southern California, the coast champion, recorded a total of 242,466 for six games as compared to 345,298 last year. That was mainly because UCLA was the "home" team for their annual clash, which drew 96,689, and the over-all total wasn't affected.

The Big Ten, as usual, drew the largest crowds in spite of a 3.22 per cent decline in the game average. Including Michigan State, a conference member in everything but football, the 49 Big Ten games attracted an average of 48,616 spectators.

## Leahy Checks Into Mayo For Checkup

ROCHESTER, Minn. (AP)—Frank Leahy, Notre Dame football coach, was in Mayo clinic Wednesday for a routine check up.

Leahy entered the clinic Tuesday and is expected to remain until Thursday or Friday.

Leahy recently had influenza that confined him at home for five days.

## International Loop OKs Johnson Plan

PHOENIX, Ariz. (AP)—The International League met Wednesday to vote on amendments to be considered at Thursday's executive session of the National Association of Minor Leagues.

The International unanimously approved the radio-television proposal made by Sen. Edwin C. Johnson, president of the Western League. Two unnamed big league representatives promised to support the resolution on the convention floor.

There was no announcement on how the league stood on the other amendments.

## Phog Allen Opens Blast Season At KU By Ripping Into New Free Throw Rule

LAWRENCE, Kan. (AP)—You might say the basketball season has officially arrived — Kansas Coach F. C. (Phog) Allen has fired the opening tirade of the new campaign.

The voluble 67-year-old doctor doesn't like the new free throw rule put in force for this winter by the National Collegiate Basketball Rules Committee.

"This rule," Allen said among other things, "is going to change the game into slow funeral dirge, adding 10 to 20 minutes to the length of the game without adding one whit of action.

**"It is predicated mediocrity—if you miss a free throw you get another—instead of excellence.**

"If we are to get two tries on one shot fouls why not three tries on two-shot fouls? It is the same illogical thinking that prompted elimination of the center jump. The penalty is not stiff enough for fouling in today's basketball."

The rule provides that during the first 37 minutes of a game the ordinary penalty for a personal foul is the free throw—with a second shot awarded if the first is missed. During the final three minutes all fouls draw two shots with no second chances.

The rule does not apply to double fouls, fouls against a player trying for a goal or multiple and profit fouls. These cases are handled as before.

# Pentagon Stews Over Tangled Reserve Law

WASHINGTON (INS)—The Pentagon admitted Wednesday it is in a legal quandary because of a law whose conflicting provisions might put three million men in the "ready reserves" while specifically setting a ceiling on half that many.

The law goes into effect Jan. 1 and Defense Department spokesmen said the Congress that convenes a few days later will have to act fast to iron out the difficulty.

They explained the dilemma this way:

While the "ready reserve" ceiling is one and one-half million men, those who can and must be put into that category may eventually reach three million.

A department announcement put the present strength of Army, Navy, Air Force and Marine Reserves at two and one-half million. The law, in effect, says all of these must be transferred to the "ready reserve" on Jan. 1.

While about half of these reservists can immediately apply for further transfer to "standby" status, the law also provides for a system of incentives and penalties which would induce many other men to join the "ready reserves."

Those on "standby" status are considered a bit farther removed from active duty than the "ready reservists." The President can call the "readies" into uniform while congressional action is necessary to put the "standbys" under arms.

The system of penalties and incentives is based on the idea that a man might be more anxious to get into the "ready reserves" if he knows by doing so he could reach "standby" status sooner.

For that reason, a man who completes two years of active duty and signs up for any form of reserve training will not be eligible for membership in the "standby" category until after a total of eight years.

Among other things, the chances of employment are improved for a man who has finished his tour of reserve duty and is enlisted in the standby ranks.

## CAP Plans Assembly

Lincoln Squadron of the Civil Air Patrol made final plans for the assembly they are holding at Northeast High School Thursday in commemoration of the 11th anniversary of the Civil Air Patrol..

Following a film at the morning assembly, William Doole, commander of the Cadets, and Maj. Ted Kerr, liaison officer of the Air Force, will speak briefly.

## Hastings School Head Awarded New Contract

HASTINGS, Neb. (INS) — A new three-year contract has been offered to Hastings schools Superintendent R. A. Watson by the ciyt's board of education.

The decision to re-hire Watson was reached unanimously at the board's monthly meeting.

Watson became superintendent in 1944 after 22 years as a teacher and high school principal.

## *Draft Happy*

WITH THE FIRST MARINE AIRCRAFT WING IN KOREA (INS)—A youthful Marine spending his first night at a forward airbase in Korea studied intently under the flickering light of his tent lamp. After several hours he walked away, leaving the book on his bed. A curious buddy, eager to find out what had been holding his friend's attention, picked it up. The title: "How To Be Happy Though Drafted."

# Mayors Study Improvement Of U.S. Roads

LOS ANGELES (INS)—Resolutions calling for a program to make the nation's roads and streets adequate for modern travel and upon Congress to vest control of the tidelands with the states were submitted to the American Municipal Association convention here Wednesday.

Mayor Delesseps Morrison of New Orleans said American cities are suffering from "arterial thrombosis"—hardening of the traffic arteries.

He said this transportation paralysis is due to 30 years of neglect.

**Roads, Not Crime**

Morrison declared that roads have supplanted crime as the major problems.

Resolutions presented urged:

The banning of interstate shipments of fireworks.

Federal legislation granting discretionary powers to county road officials to use secondary federal-aid highway funds to improve all or any county roads in municipalities regardless of population. The funds now are limited to communities of less than 5,000.

## Mrs. C. O'Neal, Lincoln Resident For 56 Years, Dies

Mrs. Carrie Ethel O'Neal, 69, 1735 No. 29th, resident of Lincoln for 56 years, died Wednesday evening at a local hospital.

Mrs. O'Neal was a native of Iowa and a member of the Methodist Church.

Surviving are her husband, Clarence; three daughters, Mrs. Sybil Slama, Mrs. Lila Fergusen and Mrs. Eunice Hoyt, all of Lincoln; and six sons, Cecil Benson of Portland, Me., Gerald Benson of Los Angeles, Walter Bullock of Lincoln and Arthur Bullock, Dale Sovereign and Leonard Sovereign, both of Lincoln.

Also surviving are a brother, Herbert Du Bois of Dyersville, Ia.; 29 grandchildren and 12 great-grandchildren.

## 'Girlie' Magazines Termed 'Vicious' By Woman Writer

WASHINGTON (AP) — Novelist Margaret Culkin Banning said Wednesday about two billion "girlie" magazines are sold annually on U. S. newstands and serve "no purpose except pictorial prostitution."

Testifying before a special House inquiry committee, the 61-year-old writer said that of 1,231 magazines currently being published, all but about 100 are classified as "girlies." She denounced them as "vicious and provocative."

The House group, headed by Rep. Ezekiel Gathings (D-Ark), is making a broad study of alleged salacious literature — including books, magazines and so-called comic booklets dealing with sex, crime and horror.

# St. Elizabeth Member Of Order Getting $2,325,000 Bequest

A $2,325,000 bequest, one of the largest donations ever to be given in one sum, has been made to an order of Catholic nuns, the Poor Sisters of St. Francis Seraph, of which St. Elizabeth Hospital in Lincoln, is a member.

The fortune from the undisposed estate of the late railroad heiress, Mrs. Marguerite S. Davis, was given to the order to establish a world headquarters for the order in Colorado. The headquarters will be made on a 1,400 acre site near Colorado Springs, Colo. Mrs. Davis, Colorado Springs social leader, inherited millions from her first husband, James S. Hill, son of the pioneer railroad builder.

Other Nebraska hospitals operated by the order in its four state area are: St. Joseph's, Omaha; St. Mary's, Columbus; St. Francis, Grand Island, and Good Samaritan, Kearney.

The order is composed of 2,700 nuns throughout the world who "devote their entire life and existence without compensation, save their food and lodging, ministering to the poor, the sick, the aged, the homeless, of all ages, creed and color."

### Age Lowered

VIENNA (INS)— A recent amendment of the penal code in Communist Hungary rules that in certain cases capital punishment can be used against all persons who reached the age of 14. According to a Budapest government decree this new ruling will affect "only" crimes against the Hungarian Peoples Democracy and attempts of illegal border crossings to the West.

# Request For Winthrop Road Sidewalk Draws Opposition

Civic pride has added fuel to the furor developed by a petition asking installation of a sidewalk on Winthrop Rd. from Sewell to Van Dorn on the south.

A petition with 79 signers has been sent to the City Council requesting the sidewalk on the west side of the street. The petition signers, with Attoney Robert C. Guenzel acting as spokesman, say the sidewalk is needed for the passage of "some 100" school children to nearby Sheridan School, who, the petition says, enter the area from the northeast.

Acting against this contention, Mrs. Annabelle C. Morgan of 2915 Winthrop Rd., among others, said she counted the children using the area and that on some days not even one child passed that way in going to school. She decried building of the sidewalk because she said it will rain the esthetic and actual value of the property. Her argument is backed by Margaret Cannell of 2707 Winthrop Rd., who said she didn't see the need of the sidewalk on the grounds that school children use the street in large numbers.

Petition signers recall in their request a recent accident in which two children were hurt after being hit by automobiles in the street. The signers say that if the youngsters had a sidewalk to use, they wouldn't be in the street.

Hearing on the application will be Monday before the City Council.

## 1 To 2 Year Sentence On Auto Theft Charge

Jack Linear, 23, 2026 Q, was sentenced to serve not more than two years and not less than one year in the state reformatory by District Judge John L. Polk Wednesday.

The defendant had pleaded guilty to a charge of auto theft on Nov. 25. Linear stole a car belonging to Harold Shelledy on Sept. 27, 1951.

He drove the car to Chicago where he was arrested and found guilty of a possession of narcotics charge. Linear served 13 months in the Cook County House of Correction on the charge.

Linear's companion, also charged with auto theft, was sentenced earlier.

## Construction Workers Warned To Stay Away From Hanford Project

Nebraska construction workers Wednesday were urged by the State Employment Service not to seek work in the Hanford-Richland area of the state of Washington.

As a result of nationwide publicity concerning construction employment opportunities on the atomic energy projects near Hanford, large numbers of work seekers have migrated to the area but have been unable to find work, according to the service.

Work opportunities on the projects will not increase until late spring of 1953. In addition to heavy unemployment, housing in the area is currently critical, the service spokesman said.

## Time, Money Saved By Change Of Plea

Charles V. Bloom, 6006 Morrill, saved Lancaster County time and money by changing his mind.

Charged with failure to support his wife and children, Bloom pleaded not guilty in County Court when he was arraigned.

Judge Herbert A. Ronin set his preliminary hearing for Saturday, Dec. 13, at 9:30 a.m.—in accordance with customary procedure.

During the afternoon, Bloom changed his mind, notified the County Attorney's office, and was arraigned again in District Court where he pleaded guilty to the charge.

Judge John L. Polk ordered him held in the County Jail pending investigation of his case by the Adult Probation Officer George H. Meyer.

Bloom has two children—a boy, 9, and a girl, 13.

There is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 6. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you.

## ONE MAN'S OPINION By Walter Kiernan

(Distributed By International News Service)

Sympathy of the nation's housewives is extended to Mamie Eisenhower, who has to move into a new place in January . . . It's such a problem to find anyone to wash windows in cold weather.

☆ ☆ ☆

**And those moving men are so apt to track mud and slush into the living room . . . and the floors just fresh done.**

☆ ☆ ☆

And you just can't get a husband to go out and burn leaves and rake up the place before spring.

☆ ☆ ☆

**On the other hand, where could you find a house with all the closets you want, a four-year lease and the rent can't be raised?**

☆ ☆ ☆

I wasn't there for the meeting between Mrs. E. and Mrs. T. but you can imagine Mamie asking, "And how much coal did you burn last year?"

☆ ☆ ☆

**Or Mrs. T. saying, "You'll have to get used to meeting strangers in the halls."**

# Seasonal Trend: Off Hog Mart Follows

OMAHA (AP)—Prices on a liberal supply of hogs on the Omaha market Wednesday were 10 to 25 cents higher. There were not enough fed cattle on hand to establish a trend and the stocker and feeder mraket was virtually at a standstill. Fat lambs were slow.

# Old-Line Securities Weaken; Oils Up

NEW YORK (INS)—The stock market turned in a highly confused performance Wednesday. Softness in many old-line investment favorites contrasted with strength in selected oils and specialties.

Since the price indices are comprised mainly of the pivotal leaders, the averages were weaker than the market as a whole.

Wall Street brokers explained the day's action as representing profit-taking by traders in stocks which had been the most active participants in the post-election rise. Many of these sellers promptly bought into other situations, accounting for the sizable gains elsewhere along the line.

Among the traditional favorites to back down fractionally were American Telephone, U. S. Steel, Bethlehem Steel, Chrysler, and American Cynamid.

On the other hand, aggressive buying appeared in the oil division with gains of around a point or more chalked up at one time or another by Amerada, Kern County Land, Barber Oil, Honolulu Oil, Houston, Phillips Petroleum, Richfield, Shell, Skelly, and Texas Pacific Land Trust.

Other industrial issues to climb around a point on the average were International Paper, Scott Paper, Pittsburgh Plate Glass and U. S. Gypsum.

Oil-rich Northern Pacific and Canadian Pacific were bid up nearly a point each in the rails. Seaboard made a belated response to Tuesday's dividend increase with a 2-point rise to a new high. However, the recently buoyant eastern carriers, such as New York Central, Pennsylvania and Baltimore and Ohio were down fractionally.

Volume varied only slightly from Tuesday's 1,610,000 share total.

Curb stocks were selectively improved. Big board bonds were irregularly lower. Corn was strong and cotton soft in commodities.

# Corn Forges Ahead; Other Grains Sag

CHICAGO (AP)—A sagging grain market found corn showing independent strength on the Board of Trade Wednesday.

While just about everything else declined, corn ran up for gains extending to more than a cent in response to slumping receipts of cash corn, a good demand in the cash market and large grants to foreign countries to buy American corn.

Wheat closed ½-⅝ lower, corn ⅜-1⅝ higher, oats ¼ lower to ¾ higher, soybeans ¼-¾ lower and lard 7 to 12 cents a hundred pounds lower.

Corn started off on the upward trail right at the opening bell. A large commission house bought aggressively in the opening minutes, particularly in the May contract. Around mid-day prices slumped a little, but they came back again to finish at the day's highs.

A good part of the advance was based on Mutual Security Administration grants of $2,500,000 to Holland and to $1,500,000 to France for the purchase of American corn.

Equally important was the falling off in cash corn receipts—they totaled only 72 cars —and advancing prices for the cash grain. No. 2 yellow corn sold at a premium of 3 to 3¼ cents over the December contract. Tuesday the premium was 2 to 2½ cents. A couple of weeks ago the cash grain sold at a wide discount under the December contract.

Corn futures average around 30 cents under the price at this time last year. Cash prices are even lower. No. 2 yellow sold Wednesday at $1.71 to $1.71½ compared with $1.94½ to $1.95 on the same day last year. The crop was much smaller last year.

With the corn price still below the government loan, the trade has heard reports that farmers intend to put a large quantity in the loan rather than sell it on the free market.

# Retail Sales Continue To Go Upward

## McCook, Hastings Lead Other Cities

Nebraska retail sales continued their upward climb in October, the University of Nebraska business research department reported Thursday.

Retail sales were 7.1 per cent greater in the state during October than in September, although September sales were 5.7 per cent above August's, the department's monthly survey showed. October sales were also nearly three per cent larger than those for the same month last year.

For the second straight month McCook and Hastings led in percentage increases among Nebraska's larger cities. Hastings reported a gain of 14.8 per cent in sales from September to October, McCook, 11.5 per cent for the same period.

October sales in Omaha increased three per cent over those of the preceding month. Sales in Lincoln remained exactly the same.

All other cities and counties surveyed also reported retail sales greater in October than in September.

Retail sales in Nebraska cities (figures adjusted for seasonal changes):

| City | Per Cent Above or Under Oct. 1951 | Per Cent Above or Under Sept. 1952 |
|---|---|---|
| Omaha | 1.6 | 3.0 |
| Lincoln | 0.8 | 0.0 |

# Widow To Wed 'Loneliest Lifer' At Courthouse

OMAHA (AP)—The man who was once known as the "loneliest lifer" in the Iowa State Penitentiary and the Iowa widow who is his bride-to-be have set the date.

They're going to be married here Thursday.

The Iowa Board of Paroles last week gave the go-ahead for Ernest "Ole" Lindquist to wed Mrs. Addie L. Jackson.

The couple said they plan to be married in a courhouse ceremony Thursday.

It will be a simple ceremony, they said, and both will only take one day off, but Lindquist and Mrs. Jackson have been looking forward to it for a long time.

"I've had my dress for two years," said Mrs. Jackson.

Lindquist, now 62, was paroled last April after serving 42 years in the slaying of a Carroll, Ia., policeman. When newspaper stories in 1949 told how Lindquist had received no mail for more than 30 years and no Christmas gifts for 40, Mrs. Jackson who lived in Indianola, Ia., promptly wrote, sent a gift and then began regular visits.

### BOND MARKET

NEW YORK (AP)—A group of utilities turned the bond market irregularly lower Wednesday.

Railroads were thoroughly mixed and most industrials did not move more than a minor fraction. But the utility department slipped into the minus column to depress the market.

U. S. government bonds were unchanged to fractionally higher.

Trading was selective, though brisk. Volume totaled $4,070,000 par value, compared with $4,082,000 Tuesday and $4,460,000 a week ago.

# Exposition Spotlight Turned On 4-H Club Members

## Stock Show And Parade Presented

CHICAGO (AP) — Four-H Club members took over the International Livestock Exposition Wednesday night.

Most of the 1,800 rural boys and girls and their adult club leaders attending the 31st National 4-H Club Congress descended upon the big stock show for entertainment, a box supper and a parade.

They lined up cafeteria-style in the International Amphitheatre arena where box lunches were dealt out to each visitor. Then they returned to their seats in the stands to eat.

During the performance of the exposition horse show, the youths paraded through the arena, many of them leading farm animals they exhibited at the show. Some of the entries were adorned with ribbons won in the international competition.

Since the congress started Sunday, 198 girls and boys have been named national winners in various fields of 4-H club activity. One hundred fifty of these will share in a total of $44,700 in college scholarships donated by various inividuals and companies interested in promoting rural youth work.

Hundreds of others won out in the state level of competition and were awarded trips to the annual congress.

Thursday, last day of the congress, is given over to entertainment starting with a breakfast at 7 a.m. in the Blackstone Hotel, luncheon at the Palmer House, a general assembly in the Eighth Street Theater, dinner at the Conrad Hilton Hotel followed by a farewell party lasting until midnight.

*GRAND CHAMP BARROW — Cliff Breeden, herdsman at Purdue University, waves his hat in glee after this 220-pound Poland China pig, named Purdue Model 11th, won the grand champion barrow award at the International Livestock Exposition in Chicago. It was the tenth grand champion barrow award for Purdue. The porker beat out two heavier barrows for the show's top swine award. (AP Wirephoto Wednesday Night.)*

## Self-Trained Painter Of Sunsets Finds Happiness In Her Hobbies

TAYLOR, Neb. (AP)—Happiness comes with doing what you like. And for Mrs. Thurman Smith, that sort of happiness has brightened her life for 23 years.

For it was 23 years ago that Mrs. Smith began painting what she saw—the famous Nebraska Sandhills sunsets.

She had no special training. Everything she has learned has come by experience.

"It has been hard," Mrs. Smith admitted. "I had to learn the hard way—by making mistakes and restifying them. I had to learn where to put shadows, highlights.

"Learning to paint is a hard job. You have to have the creative ability and then you must have the desire. But anybody with the ability can learn to paint if they have the desire and will perserve and make forward steps with each successive error."

Mrs. Smith now does painting of all kinds. She favors sunsets, but has done rural scenes, animals and still life. Her works of art may be found scattered throughout the country.

Her home has a touch of her work. On nearly every wall hangs one of framed oil paintings. She hangs the pictures which she thinks best tell the story of the sandhills country.

Besides her brush and canvas, Mrs. Smith has other hobbies—flowers. She has 70 different varieties of potted plants on the sunporch of her home. Rare plants, especially, are a hobby.

# 'New Sunday Law Wouldn't Close All Grocery Stores'

The Lincoln Food Retailers Association advised the city attorney's office Wednesday that even with a new Sunday closing ordinance, at least 25 grocery stores and public meat markets will be open for public convenience.

The Association's letter to the city attorney noted that the 25 stores available on Sundays are situated "in every part of the City of Lincoln."

The letter states that both the present and proposed ordinances prevent unlimited sale on Saturdays and Sundays of grocery products.

Attorney Richard Vestecka, representing the Association, said the closing of the 25 grocers on Saturday—making it possible for them to operate on Sunday—would be mainly for religious reasons. He stated further that members of the Association "are desirous of being relieved of the pressure of business on the Lord's Day and to give their employees the same privilege."

The ordinance is directed at the stores that handle grocery items along with other types of merchandise, and will require them to sell grocery items only six days a week, meaning they will be forced to observe either Saturday or Sunday as a Sabbath.

The letter to the city attorney further said that the "benefits accruing to the citizens of Lincoln by reduced business activity on the Sabbath, are reflected by favorable church attendance, supervised family recreation with reduced delinquency, and a healthful and wholesome atmosphere in which to bring up our children."

## Legislative Council Budget Slash Of $10,760 Proposed

Reduction of $10,760 was recommended in the budget of the Legislative Council at hearings before Tax Commissioner Philip Johnson. The proposed budget is $64,625 for the next two years as compared with $75,385 appropriated by the last session of the Legislature.

Dr. R. V. Shumate, director of research, explained that the council would have an unexpended balance due to savings made in studies on the teachers retirement program which was considerably lower than estimates that were offered when the study was ordered.
